## INDEPENDENT AUDITORS' REPORT

The Honorable Mayor and Town Council  
Gladden Farms Phase II Community Facilities District  
Town of Marana, Arizona  
Marana, Arizona

We have audited the accompanying financial statements of the governmental activities and each major fund of the Gladden Farms Phase II Community Facilities District, Arizona, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Gladden Farms Phase II Community Facilities District's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Gladden Farms Phase II Community Facilities District, Arizona, as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**MANAGEMENT'S DISCUSSION AND ANALYSIS**

**GLADDEN FARMS PHASE II COMMUNITY FACILITIES DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
YEAR ENDED JUNE 30, 2020**

As management of the Gladden Farms Phase II Community Facilities District (District) we offer readers a narrative overview and analysis of the financial activities for the District. The District is one of the Town of Marana, Arizona's component units for financial reporting purposes for the fiscal year ended June 30, 2020.

Formed in 2007, the District is a special purpose taxing district and separate political subdivision under Arizona statutes. As such, the District can levy taxes and issue bonds, independent of the Town of Marana, Arizona (Town). Property owners within the District boundaries pay for District infrastructure and functions through secondary property tax assessments. The Marana Town Council also serves as the District Board of Directors.

**FINANCIAL HIGHLIGHTS**

For fiscal year ending June 30, 2020, the District's:

- Tax rate was \$2.80 per \$100 assessed valuation. The tax rate remained the same from the budgeted amount.
- Governmental funds reported a combined ending fund balance of \$25,940. Of this amount, (\$7) was in the General Fund and \$25,947 was in the Debt Service Fund.
- Governmental fund expenses were greater than revenues by \$44,841.

**OVERVIEW OF FINANCIAL STATEMENTS**

This discussion and analysis introduces the District's basic financial statements. Because of its limited purpose, the District's basic financial statements are comprised of two components: 1) Statement of Net Position and Governmental Funds Balance Sheet and the Statement of Activities and Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances and 2) Notes to the Basic Financial Statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Because the District has only one governmental program, the government-wide and fund financial statements are combined.

**Government-wide Financial Statements**

The *Statement of Net Position* presents information with a broad overview of the District's finances, in a manner similar to a private-sector business. The statement of net position presents information on all of the District's assets and liabilities, and deferred outflows/inflows of resources, with the difference reported as net position. The focus on net position is important because over time, increases and decreases in net position may serve as a useful indicator of how the financial position of the District may be changing. Increases may indicate an improved financial position. However, decreases in net position may not necessarily indicate the District's financial position is deteriorating. As a result, other financial and non-financial indicators must also be considered to effectively assess the District's overall financial health.

**GLADDEN FARMS PHASE II COMMUNITY FACILITIES DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
YEAR ENDED JUNE 30, 2020**

The *Statement of Activities* presents information showing how the District's net position changed during the most recent fiscal year. Since economic resources measurement focus and accrual basis of accounting are used for the government-wide financial statements, all changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and expenses related to accrued interest).

**Fund financial statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like the Town, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the Debt Service funds are restricted as to use and the General funds are unassigned.

The District maintains two governmental funds, general and debt service. Information is presented in the Governmental Funds Balance Sheet and in the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances for the General Fund and the Debt Service Fund.

The District adopts an annual budget for its General Fund and Debt Service Fund. Supplementary budgetary schedules have been provided to demonstrate compliance with these budgets.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the basic financial statements. The notes to the financial statements can be found immediately following the basic financial statements.

**Required supplementary information other than MD&A.** In addition to the basic financial statements and accompanying notes, this report also presents as required supplementary information a comparison between budgeted and actual amounts within the General Fund.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, the liabilities exceeded its assets at the close of the most recent fiscal year by \$1,243,832. The District's purpose is to acquire and improve public infrastructure in specified land areas. As a special purpose district and a separate political subdivision under the Arizona Constitution, the District can levy taxes and issue bonds independently of the Town. Property owners in the designated areas are assessed for District taxes to pay the debt service over the life of the bonds. The Town Council serves as the Board of Directors. However, the Town has no liability for the District's debt. For financial reporting purposes, transactions of the District are combined together and included as if they were part of the Town's operations and the assets financed through the District are combined with the infrastructure of the Town. Because the capital assets are recorded in the Town's basic financial statements, the Statement of Net Position for the District reflects a large liability without an offsetting asset.

The following table presents a summary of the District's net position for the fiscal years ended June 30, 2020 and June 30, 2019.

**FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS**

The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of resources that are available for spending. Such information is useful in assessing the District's ability to pay the debt service on the general obligation bonds it issues to fund construction or acquisition of public infrastructure.

As of the end of fiscal year 2019/20, the District's governmental funds reported expenses in excess of revenues by \$1,219,273 and an ending fund balance of \$45,054. Of the total ending fund balance, (\$7) is in the General Fund and \$45,061 is in the Debt Service Fund.

**CAPITAL ASSETS AND DEBT ADMINISTRATION**

The District was formed to finance and acquire or construct amenities that are subsequently dedicated to the Town for operation. The District does not own or operate infrastructure. Since formation, District bonds have been issued, and the proceeds used to acquire or construct public amenities including roadways and sidewalks. The District is authorized to issue bonds up to \$60,000,000.

The District general obligation bonds have a 25-year term. In the event that the District board decides at a future time to dissolve the District, State statute provides that all taxable property in the District will remain subject to the lien for the payment of the bonds until all bonds have been defeased.

The District is not engaged in any significant activities other than providing for the levy of secondary property taxes to pay debt service and administrative fees.

**Outstanding Debt**

June 30, 2020 and 2019

	<b>Governmental Activities</b>	
	2020	2019
General Obligation Bonds	\$1,245,000	\$ -

**NEXT YEAR'S BUDGET AND RATES**

The fiscal year 2020/21 District budget includes a \$2.80 tax rate per \$100 of assessed value. There is no change from the rate used in the fiscal year 2019/20 budget. The levy comprises \$0.30 for operations and maintenance and \$2.50 for debt service. The levy shall be the net of all cash in excess of ten percent of the annual payments of principal and interest in the current fiscal year from the previous year remaining in the fund.

**NOTES TO THE FINANCIAL STATEMENTS**

**GLADDEN FARMS PHASE II COMMUNITY FACILITIES DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2020**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Gladden Farms Phase II Community Facilities District (District), a component unit of the Town of Marana, Arizona (Town) have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing government accounting and financial reporting principles. A summary of the more significant accounting policies of the District follows.

**A. Reporting Entity**

The Gladden Farms Phase II Community Facilities District (District) was formed by petition to the Town of Marana Town Council in December 2007. The District's purpose is to acquire and improve public infrastructure in specified land areas. As a special purpose district and separate political subdivision under the Arizona Constitution, the District can levy taxes and issue bonds independently of the Town. Property owners in the designated areas are assessed for District taxes and thus for the costs of operating the District. The Town Council serves as the Board of Directors; however, the Town has no liability for the District's debt. For financial reporting purposes, transactions of the Gladden Farms Phase II Community Facilities District are included as if the District were part of the Town's operations.

**B. Government-wide and Fund Financial Statements**

The government-wide financial statements (i.e. the Statement of Net Position and the Statement of Activities) present financial information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and miscellaneous revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The District had no business-type activities during the fiscal year.

Financial statements are provided for major governmental funds, with an adjustments column to arrive at government-wide financial statement amounts.

**C. Measurement Focus and Basis of Accounting**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting.

Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting, except

**GLADDEN FARMS PHASE II COMMUNITY FACILITIES DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2020**

expenditures related to claims and judgments, which are recorded on when payment is due. However, since debt service resources are provided during the current year for payment of long-term debt principal and interest due early in the following year, the expenditures and related liabilities have been recognized in the Debt Service Fund.

The District reports the following major governmental funds:

The *General Fund* accounts for resources accumulated and used for the payment of operating expenses for the District, which may include insurance, legal fees and administration costs.

The *Debt Service Fund* accounts for resources accumulated and used for the payment of governmental long-term debt including principal, interest and related costs.

**D. Property Tax Calendar**

Property taxes are levied by the District and collected by the Pima County Treasurer. All property taxes are levied no later than the third Monday in August and are payable in two installments due October 1 of the current year and March 1 of the subsequent year. Taxes become delinquent after the first business day of November and May, respectively. Interest attaches on installments after the delinquent date. Pursuant to ARS, a lien against assessed real and personal property attaches on the first day of January preceding assessment and levy; however according to case law, an enforceable legal claim to the asset does not arise.

**E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance**

**1. Cash and Investments**

Arizona Revised Statutes authorize the District to invest public monies in the State or County Treasurers' investment pools, interest bearing savings accounts, certificates of deposit and repurchase agreements in eligible depositories; bonds or other obligations of the United States government that are guaranteed as to principal and interest by the United States government; or bonds of the State of Arizona counties, cities, towns, school districts or special districts as specified by statute. As required by statute, collateral is required for demand deposits, certificates of deposit and repurchase agreements at 100 percent of all deposits not covered by federal depository insurance.

Cash and investments in the Debt Service Fund at June 30, 2020, plus accrued interest, is restricted as to usage.

**2. Restricted Assets**

The trust indentures executed for the entire bond series issued require all cash and investments for each bond series to be held on deposit by the trustee/fiscal agents. These assets are restricted for payment of interest and trustee fees associated with the bond issues, retirement of principal balances, and to finance various capital projects.

**GLADDEN FARMS PHASE II COMMUNITY FACILITIES DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2020**

**3. Capital Assets**

Capital assets acquired or construction of infrastructure assets by the District are dedicated to the Town of Marana, Arizona to maintain and operate. As a result, the District owns no capital assets.

**4. Long-term Obligations**

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities. Bond premiums and discounts are amortized over the life of the bonds using the straight line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed when incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

**5. Net Position/Fund Balance**

In the fund financial statements, fund balance is reported in classifications that comprise a hierarchy based on the extent to which the District is bound to honor constraints on the specific purposes for which amount in those funds can be spent. Nonspendable portions of fund balance consists of funds that are not in spendable form, such as inventories and prepaids, or can be legally or contractually required to be maintained intact. Restricted funds are constrained by outside parties (statute, grantors, bond agreements, etc.). Committed fund balances are established and modified by a resolution approved by the Board of Directors. Unassigned fund balances are considered the remaining amounts. When an expenditure is incurred for purposes for which both restricted and unrestricted resources are available, it is the District's policy to use restricted resources first, then unrestricted resources. When an expenditure is incurred for purposes for which committed, assigned and unassigned amounts are available, it is the District's policy to use committed first, then assigned, and finally unassigned amounts.

In the government-wide financial statements, net position is reported in two categories: restricted and unrestricted. Restricted net position accounts for the portion of net position restricted by bond covenant. Unrestricted net position is the remaining net position not included in the previous category.

**NOTE 2 – RECONCILIATION GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS**

**A. Amounts reported in the statement of net position are different because:**

Total Fund Balance	\$ 45,054
Long-term liabilities, including bonds payable, are not due and payable in the current period; therefore, are not reported in the funds.	
General obligation bonds payable	(1,245,000)

**NOTE 3 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

**A. Budgetary Information**

The District adopts an annual operating budget for revenues and expenditures for the General Fund and Debt Service Fund on essentially the same modified accrual basis of accounting used to record actual expenditures. Budgetary control over expenditures is exercised at the fund level.

**B. Deficit Net Position**

As described in Note 1, the District was formed to finance and acquire or construct infrastructure assets that are subsequently dedicated to the Town for operation. The District does not own or operate infrastructure.

**GLADDEN FARMS PHASE II COMMUNITY FACILITIES DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2020**

**NOTE 4 – DETAILED NOTES ON ALL FUNDS**

**A. Assets**

**1. Deposits**

**Deposits** – At June 30, 2020, the carrying amount of the District’s deposits and bank balance was \$45,002.

**Custodial Credit Risk**

Custodial credit risk for deposits is the risk that in the event of a bank failure, the District’s deposits may not be returned. As of June 30, 2020, the District had no deposits that were exposed to custodial credit risk.

**2. Restricted Assets**

Restricted cash at June 30, 2020, as follows:

Restricted for:	
Debt Service Fund	\$ <u>45,002</u>

**B. Long-Term Liabilities**

**1. General Obligation Bonds**

The District issues general obligation bonds to provide funds to acquire and improve public infrastructure in specified areas. General obligation bonds have been issued for governmental activities only. The bonds are generally callable with interest payable semiannually.

The CFD general obligation bonds outstanding as reported in governmental activities as of June 30, 2020, were as follows:

(a) *Taxes are collected by the Treasurer of Pima County. Taxes in support of debt service are levied by the Board of Supervisors of the County as required by Arizona Revised Statutes. Delinquent taxes are subject to an interest and penalty charge of 16% per annum, which is prorated at a monthly rate of 1.33%. Interest and penalty collections for delinquent taxes are not included in the collection figures above, but are deposited in the County's General Fund. Interest and penalties with respect to the first half tax collections (delinquent November 1) are waived if the full year's taxes are paid by December 31.*

(b) *In addition to the levy of ad valorem property taxes for the payment of Debt Service which will be levied at a rate of \$2.50 beginning in the fiscal year 2019/20, pursuant to other results of the Election, the District also is authorized to levy and collect an ad valorem property tax at a tax rate not to exceed \$0.30 per \$100 of the Net Limited Assessed Property Value on all taxable property within the boundaries of the District for operation and maintenance expenses of the District (the "Operation and Maintenance Tax"). Only the Operation and Maintenance Tax has been levied prior to fiscal year 2019/20.*

(c) *2020/21 taxes in course of collection:  
First installment due 10-01-20; delinquent 11-01-20  
Second installment due 03-01-21; delinquent 05-01-21*
