

ABACUS

Firm information for Marana website

ABACUS

For 30 years, Abacus Project Management has provided the vital services that keep projects on track, especially regarding cost, schedule, and quality. Our role is to make sure that the design and construction teams incorporate your Community's aspirations and objectives, so the facility is attractive, efficient and cost effective. We will manage the design and construction processes and help achieve project success with an unbiased approach to addressing challenges and opportunities.

Marana's residents deserve a beautiful Community Center and Aquatic Facility that brings generations together. One that serves as a vibrant hub for activities that promote wellness. And one that celebrates the rich heritage of your Community and serves as a landmark for decades to come. The Abacus Project Management team members will engage as extensions of your Town's administrators to collaboratively deliver this important project.

We're excited to be part of this unique and challenging project and look forward to its completion and festive ribbon-cutting celebration. It will be a proud day for Marana as the doors open to a new facility where the Town can learn, grow, share, and thrive.

PETER NIMMER, RA, NCARB, PMP, LEED AP

Peter's main role is to focus on the design phase, where his expertise as an architect is instrumental in reviewing the design team's work and providing valuable insight as the design develops. He's accustomed to working collaboratively with project teams and paving the way for creativity, innovation, and sound design decisions. He has more than 30 years of experience as an architect, and has been involved in designing many community centers and public facilities throughout Arizona.

Peter has a bachelor's degree in architecture from the University of Illinois, and a master's from Devry University, Keller Graduate School of Management. He is a licensed architect, a Project Management Professional (PM), LEED Accredited Professional, and is OSHA 30 certified.

Peter has lived in Arizona since 1979. His wife, Carrie, is a landscape designer and Master Gardener, and they have a son. He spent his childhood in rural Wisconsin farm country, and now enjoys exploring Arizona, as well as golf and volunteering for his church.
