WHEREAS the Property Owners have submitted an application to rezone the Rezoning Area from 'R-144' Residential to 'F' Dove Mountain Specific Plan ("this Rezoning"), and amend the 2010 Marana General Plan from Rural Density Residential (RDR) to Master Plan Area (MPA) and

NOW, THEREFORE, BE IT ORDAINED by the Mayor and Council of the Town of Marana, Arizona, as follows:

**Section 1.** The zoning of the Rezoning Area is hereby changed from 'R-144' Residential to 'F' Dove Mountain Specific Plan.

**Section 2.** A minor amendment to the General Plan is hereby approved, changing the General Plan designation of the Rezoning Area from Rural Density Residential to Master Plan Area (MPA).

**Section 3.** This Rezoning is subject to the following conditions, the violation of which shall be treated in the same manner as a violation of the Town of Marana Land Development Code (but which shall not cause a reversion of this Rezoning), and which shall be binding on the Property Owners, and their successors in interest (all of whom are collectively included in the term "Property Owners" in the following conditions):

1. Compliance with all applicable provisions of the Town's codes and ordinances current at the time of any subsequent development including, but not limited to, requirements for public improvements and payment of application fees and applicable development impact fees.

2. Any preliminary plat or development plan for any portion of the Rezoning Area shall be in general conformance with the tentative development plan presented to and approved by the Town Council as part of this Rezoning.
3. A master drainage study must be submitted by the Property Owners and accepted by the Town Engineer prior to Town approval of a preliminary plat or development plan for any portion of the Rezoning Area.

5. A water infrastructure and phasing plan (WIP) must be submitted by the Property Owners and accepted by the “water provider” prior to approval of a preliminary plat for any portion of the Rezoning Area. The WIP shall identify all on-site and off-site water facilities needed to serve the proposed development. The WIP shall include all information required by the water provider, such as (but not limited to) analysis of water use and fire flow requirements, and well source, reservoir, and booster station infrastructure needed to serve the proposed development. If the water provider requires a water service agreement as a condition of service to the proposed development, the Property Owners must enter into a water service agreement with the water provider consistent with the accepted WIP.
6. The master sewer plan shall identify all on-site and off-site wastewater facilities needed to serve the proposed development, and shall include all information required by the wastewater utility. If the wastewater utility requires a sewer service agreement as a condition of service to the proposed development, the Property Owners must enter into a sewer service agreement with the wastewater utility consistent with the accepted master sewer plan.
7. The Property Owners must design and construct any roadway, drainage, water, and wastewater improvements, and dedicate or acquire any property rights associated with those improvements, that the Town requires based on the data and findings of the accepted traffic impact analysis, the accepted master drainage study, the accepted WIP, the accepted master sewer plan, and other studies approved in connection with the approval of a preliminary plat or development plan for any portion of the Rezoning Area.
8. The final design of required streets and circulation facilities, including gated access (if applicable) and emergency access, must be in conformance with applicable fire codes prior to Town Council consideration of a final plat for any portion of the Rezoning Area.
9. No approval, permit or authorization by the Town of Marana authorizes violation of any federal or state law or regulation or relieves the Property Owners from responsibility to ensure compliance with all applicable federal and state laws and regulations, including the Endangered Species Act and the Clean Water Act. The Property Owners should retain appropriate experts and consult appropriate federal and state agencies to determine any action necessary to assure compliance with applicable laws and regulations.
10. 12. The Property Owners shall not cause any lot split of any kind without the written consent of the Town of Marana.
13. Compliance with all provisions of the Town's Codes, Street Standards, and Ordinances, current at the time of any subsequent development, including, but not limited to, requirements for public improvements.
14. This specific plan amendment shall not confer any impact fee exemptions previously agreed to through the Dove Mountain Development Agreement(s).

**Section 5.** All ordinances, resolutions and motions and parts of ordinances, resolutions, and motions of the Marana Town Council in conflict with the provisions of this ordinance are hereby repealed, effective as of the effective date of this ordinance.

**Section 6.** If any section, subsection, sentence, clause, phrase or portion of this ordinance is for any reason held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this ordinance.
