November 13, 2024

Congratulations, Marana Police Department! You have been awarded a Community Partner Commendation for your continued support of the mission of Northwest Fire District, “to save lives, protect property, and care for our community”.

Anne-Marie Braswell submitted the following in her nomination to the Awards Work Group:

“I would like to recommend the Marana Police Department for a Community Partner Commendation. Marana Police Department is one of our public safety partners and can always be counted on in emergencies. Additionally, they are willing collaborators with NWFD on many community projects and initiatives. Namely, they worked alongside NWFD on the first Public Safety Day that is part of the Marana Chamber of Commerce’s Impact Marana Program. For this joint effort, Marana Police and NWFD worked together to demonstrate the partnership that we enjoy for community leaders and teach Impact Marana class participants about the importance of unified emergency response. We can’t execute our mission without the support of our law enforcement partners and our brothers and sisters at Marana Police are no exception. We appreciate their partnership in emergency management and community outreach.”
