INTRODUCTORY SECTION

This page intentionally left blank

January 4, 2022

The Honorable Mayor and Town Council, and Citizens of the Town of Marana, Arizona:

State statutes require that cities and towns publish a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America and audited in accordance with auditing standards generally accepted in the United States by a certified public accounting firm licensed in the State of Arizona. Pursuant to that requirement, we hereby issue the annual financial report of the Town of Marana, Arizona (Town) for the fiscal year ended June 30, 2021.

This report consists of senior management's representations concerning the finances of the Town. Consequently, senior management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the Town has established a comprehensive internal control framework that is designed to protect both the Town's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the Town's financial statements in conformity with accounting principles generally accepted in the United States of America. Because the cost of internal controls should not outweigh their benefits, the Town's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Town's financial statements have been audited by Henry & Horne, LLP, a certified public accounting firm. The goal of the independent audit was to provide reasonable assurance that the financial statements of the Town for the fiscal year ended June 30, 2021, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the Town's financial statements for the fiscal year ended June 30, 2021, are fairly presented in conformity with accounting principles generally accepted in the United States of America. The independent auditors' report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the Town was part of a broader, federally mandated Single Audit as required by the provisions of the Single Audit Act Amendments of 1996 and the audit requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) to meet the special needs of federal grantor agencies. The standards governing Single

Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited Town's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in a separately issued Single Audit Reporting Package.

Accounting principles generally accepted in the United States of America require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The Town's MD&A can be found immediately following the report of the independent auditors.

Profile of the Town

The Town of Marana, incorporated in 1977, is located in northwestern part of the Tucson metropolitan area of Pima County and has historically been one of the fastest growing communities in Arizona. Straddling Interstate 10, Marana is only 10 miles north of downtown Tucson and 88 miles southeast of downtown Phoenix. Marana's original incorporation covered approximately ten square miles. Today, the Town's boundaries encompass 121.8 square miles and serves a population of 51,908 according to the 2020 US Census Bureau survey.

In its infancy, the Town was primarily a rural, agricultural community. However, through annexations and planned growth, the Town is now home to several residential, commercial and industrial developments, including Continental Ranch, Continental Reserve, Gladden Farms, Gladden Farms II, Sunflower, Heritage Highlands, Dove Mountain, Lazy K, Saguaro Ranch, Sky Ranch, Saguaro Bloom, Continental Ranch Business Park, Arizona Pavilions, and the Marana Center.

Legislative authority for the Town of Marana is vested in a seven-member Mayor and Council. Voters of the Town directly elect the Mayor. Council-members serve four-year staggered terms.

The Council fixes the duties and compensation of Town officials and employees, and enacts ordinances and resolutions relating to Town services, taxes, appropriating and borrowing monies, licensing and regulating businesses and trades and other municipal purposes. The Town Council appoints the Town Manager who has full responsibility for executing Council policies and administering Town operations. Town employees are hired under personnel rules approved by the Council. A staff of approximately 402 full-time equivalent positions is responsible for the functions and operations of the Town government.

Economic Condition and Outlook

Current Condition

As we are all aware, 2021 was an unprecedented year for the Town of Marana, and indeed, for the entire world. As the COVID-19 pandemic gripped our nation and took hold globally, the world scrambled to implement changes that would protect public health at all costs. As a result of this pandemic, as well as these policy changes at the federal, state, county, and local levels, the economy has exhibited symptoms that are reminiscent of the 2007/2008 financial crisis. However, due to sound budgeting practices, receiving \$5.6M from the CARES Act, individual stimulus checks to

citizens, accelerated housing development, the lifting of restrictions on local businesses, and stronger-than-anticipated retail sales, the Town's economy grew robustly through much of the fiscal year, although, not fully recovering from the devastating economic impacts of the pandemic.

In fiscal year 2021, the Town has not only seen higher than anticipated projections and collections for key revenue streams that fund essential services, but also, significant wins in commercial development around the community. Revenues in the General Fund grew by approximately 26.9% overall with growth in transaction privilege taxes of \$3.5 million or 11.5% overall, which demonstrates continued growth and improvement in the economy. The Town was able to provide team based merit increases to employees while maintaining costs in commodities and services received in order to stay within budget. The General Fund expenditures were \$14 million under budget.

The Town established and maintains an investment plan as a way to guide decisions made during future year's budgetary processes. Even, as revenues grow in future years, the investment plan will serve as a guide in the allocation of resources as they become available. Both the current and future programs are measured for alignment with the Strategic Plan as well as the investment plan. Those programs that are more precisely aligned with those plans and those that are sustainable are more likely to receive funding. The financial performance of the Town as a whole is reflected in its governmental funds.

As of June 30, 2021, the Town's governmental funds reported a combined fund balance of \$113.5 million, of which \$67.4 million is unassigned and available for spending at the Town's discretion.

The Town, like most municipalities, is significantly dependent upon transaction privilege tax revenues, which are subject to economic fluctuations. Transaction privilege tax revenues comprised 50.7% of general fund revenues. Of those revenues, retail comprised 56.6% and restaurants and bars, construction, and utilities comprised 29.2% of total transaction privilege tax revenues. Sales taxes and revenues continued to improve during the fiscal year with the exception of hotels and lodging taxes and contracting taxes.

Future Economic Outlook

The Town's goal in managing budgets is to structurally balance on-going revenues matched with on-going expenses and one-time revenues aligned with one-time expenses. In addition to our sound budgeting practices developed over the years, Town has used the following assumptions to develop the fiscal year 2021-2022 budget.

- Upward economic trend assuming the COVID-19 outbreak continues to dissipate.
- Inflation rate holding at 1.5%.
- Population growth rate of 4% with 940 new residential home permits.

Accomplishments and Initiatives

During fiscal year 2021, the Town had several significant accomplishments and initiatives.

Marana Parks and Recreation 10 Year Master Plan

The Ten Year Marana Parks and Recreation Department's Master Plan 2020-2030 was completed and adopted by Mayor and Council on February 2, 2021. This comprehensive planning document will be a road map for the Town's parks and recreation development for the next decade.

COVID-19 Pandemic Management

The Town successfully transitioned the majority of Town staff to work from home to protect staff's health, with no service interruption and no loss of productivity during the COVID-19 pandemic. An emergency communication of local and state action was administered through manager messages to the community, website management, Newsroom articles, and social media monitoring. The Legal Department provided administrative directives and emergency proclamations to address COVID-19. Human Resources facilitated the Town wide COVID-19 vaccination process. Facilities assisted and implemented safety protocols such as windows at customer facing locations, hand sanitizing stations, distancing markings, and sanitizing work stations and public amenities.

Marana Visitors Center

The Town remodeled the Parks Administration Building to create a Visitors Center Facility that will house the Marana Chamber of Commerce.

Expenditure Limitation

On June 30, 1980 Arizona voters approved general propositions amending the Arizona Constitution to establish expenditure and revenue limitations for local governments. The purpose of the expenditure limitation is to control expenditures and to limit future increases in spending to adjustments for inflation, deflation and population growth of the Town.

On August 4, 2020, the voters of the Town approved an alternative expenditure limitation, the effect of which is that the total budgeted expenditures of each yearly budget becomes the expenditure limitation for that year on a total budget basis. This alternative expenditure limitation is effective for four years beginning with the fiscal year ended June 30, 2021.

Single Audit

As a recipient of Federal, State and County financial assistance, the Town is responsible for ensuring that adequate internal controls are in place to ensure compliance with applicable laws, regulations, contracts and grants related to those programs. Internal control is subject to periodic evaluation by management.

As part of the Town's single audit described earlier, tests are made to determine the adequacy of the internal controls, including that portion related to Federal financial assistance programs, as well as to determine that the Town has complied with applicable laws and regulations.

Certificate of Achievement

The Government Finance Officers Association of the United States (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of Marana for its Annual Comprehensive Financial Report (ACFR) for the year ended June 30, 2020. This was the 13th consecutive year that the Town has achieved this prestigious award. In order to be awarded the Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized ACFR, whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a one-year period only. We believe our current report conforms to the Certificate of Achievement program requirements, and we are submitting it to GFOA

for consideration.

Acknowledgements

The preparation of this report would not have been possible without the efficient, effective and dedicated services of the entire staff of the Finance Department and the assistance of personnel in the various departments. We would like to express our appreciation to all members who assisted and contributed to the preparation of this report.

We would also wish to express our sincere appreciation to the Mayor and Council for unfailing support in maintaining the highest standards of professionalism in the management of the Town of Marana's finances.

Respectfully submitted,

Terry Rozema

INDEPENDENT AUDITORS' REPORT

The Honorable Mayor and Town Council
Town of Marana, Arizona
Marana, Arizona

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Town of Marana, Arizona, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Marana, Arizona, as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund, Highway User Revenue Fund, and the Other Special Revenue Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and pension information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Marana, Arizona's basic financial statements. The introductory section, the combining and individual fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information (Continued)

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Compliance Over the Use of Highway User Revenue Fund and Other Dedicated State Transportation Revenue Monies

In connection with our audit, nothing came to our attention that caused us to believe that the Town of Marana, Arizona failed to use highway user revenue fund monies received by the Town pursuant to Arizona Revised Statutes Title 28, Chapter 18, Article 2, and any other dedicated state transportation revenues received by the Town of Marana solely for the authorized transportation purposes, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the Town of Marana's noncompliance with the use of highway user revenue fund monies and other dedicated state transportation revenues, insofar as they relate to accounting matters.

The communication related to compliance over the use of highway user revenue fund and other dedicated state transportation revenue monies in the preceding paragraph is intended solely for the information and use of the members of the Arizona State Legislature, the Board of Supervisors, management, and other responsible parties with the Town and is not intended to be and should not be used by anyone other than these specified parties.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 4, 2022 on our consideration of the Town's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Marana, Arizona's, internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
(Required Supplementary Information)

This page intentionally left blank

TOWN OF MARANA, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2021

As management of the Town of Marana, Arizona, (Town) we offer readers of the Town's financial statements this narrative overview and analysis of the financial activities of the Town for the fiscal year ended June 30, 2021. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found in the introductory section of this report.

FINANCIAL HIGHLIGHTS

- The Town's total net position increased by \$28.3 million or 7.1 percent from the previous fiscal year 2019-20. The increase is primarily due to an increase in cash, receivables due from other governments, deferred outflows, and a decrease in deferred inflows. The increase in cash is due to revenue collections in excess of projections and reductions to expenses. This was a result of cautious budgeting for fiscal year 2020-21 with the onset of the pandemic. The increase in receivable due from other governments is from the allocation from the American Rescue Plan Act (ARPA) for lost revenues of \$8.2 million. The increase in deferred outflows and the decrease in deferred inflows related to pensions occurred primarily due to an increase in the difference between projected and actual investment earnings and a reduction in the changes in assumptions for the Arizona State Retirement System, respectively.
- General revenues from governmental activities, excluding transfers, accounted for \$61.7 million in revenue, or 61.9 percent of all revenues from governmental activities. Program specific revenues in the form of charges for services and grants and contributions accounted for \$38 million or 38.1 percent of total revenues from governmental activities. The Town had \$23.6 million of program revenues related to business-type activities. Overall revenues have increased by 6.8 percent, with increases in all categories except capital grants and contributions, investment income, and miscellaneous revenues. The largest increases in revenue in fiscal year 2020-21 was \$6 million in operating grants and contributions, \$3.3 million in charges for services, \$2.1 in sales taxes and \$2.3 million in state shared revenues.
- The General Fund had \$67.1 million in fiscal year 2020-21 revenues, which primarily consisted of sales taxes, intergovernmental revenue and licenses, fees and permits. This was an increase of \$14.2 million contrary to the anticipated decrease due to the pandemic. The increase was a result of the ARPA funds and unprecedented growth in residential development and a 19% growth in retail trade sales tax. The General fund had \$40.1 million of expenditures and \$4.3 million in required transfers out during the year. The decrease of \$2.3 million in expenditures is due to the reduced budget with the anticipation of lower revenue collections. The \$25.2 million fund balance increase is attributed to higher than anticipated revenues in sales taxes, intergovernmental revenue, and licenses, fees and permits, as well as cautious use of Town funds for departmental expenditures.
- Highway User Revenue Fund revenues remained consistent with the prior year in fiscal year 2020-21 at \$4.2 million. Expenditures were slightly less than the previous year due to projected declines in revenue collections related to the pandemic. The decrease in expenditures was 9.3%.
- Tangerine Farms Road Improvement District Debt Service Fund, which accounts for special assessments, had a \$519,241 fund balance attributable to the accumulation of prepaid assessments and resources required for debt service payment.
- The Transportation Fund had a decrease in revenue of 17.6 percent in fiscal year 2020-21 due to decreased construction tax revenues. There was an increase of 88.2 percent in expenditures due several planned projects. Specifically the Adonis Road Extension and the Adonis Drainage projects.
- The Other Special Revenue Fund, which accounts for grant related programs and projects, became a major fund in fiscal year 2019-20 due to funds from the CARES funds. In fiscal year 2020-21 the remainder of the

TOWN OF MARANA, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2021

CARES funds were recognized. Overall revenues decreased by 31.3% and expenditures decreased by 40.5% in fiscal year 2020-21.

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the Town's basic financial statements. The Town's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the Town's finances, in a manner similar to a private-sector business. All of the activities of the Town, except those of a fiduciary nature, are included in these statements.

The Town's activities are presented in two columns on these statements; governmental activities and business-type activities. A total column for these activities is also provided.

- The governmental activities include basic services of the Town including general government (administration), public safety (police and building safety), highways and streets, health and welfare, economic and community development, and culture and recreation. These activities are primarily supported by general taxes and revenues.
- The business-type activities include the private sector-type activities such as water utility, wastewater utility, and airport operations. These activities are supported primarily through user charges and fees.

The statement of net position presents information on all of the Town's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference reported as net position. The focus on net position is important because increases and decreases in net position may serve as a useful indicator of how the financial position of the Town may be changing. Increases may indicate an improved financial position. However, decreases in net position may not necessarily indicate the Town's financial position is deteriorating. Instead, it may reflect a situation where the Town may have used previously accumulated funds (i.e., cash collected over time to fund capital projects). As a result, other financial and non-financial indicators must also be considered to effectively assess the Town's overall financial health.

The statement of activities presents information showing how the Town's net position changed during the most recent fiscal year. Since economic resources measurement focus and accrual basis of accounting are used for the government-wide financial statements, all changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and long-term debt that has not matured). This statement also focuses on both the gross and net costs of various Town functions, based only on direct functional revenues and expenses. This is designed to show the extent to which the various functions are dependent on general taxes and revenues for support.

In addition to the Town itself (primary government), the government-wide financial statements also the Gladden Farms Community Facilities District, Gladden Farms Community Facilities District II, and Saguaro Springs Community Facilities District are blended component units.

The government-wide financial statements can be found on pages 27-29 of this report.

TOWN OF MARANA, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2021

Fund financial statements. Also presented are the financial statements for governmental funds and proprietary funds. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Town can be divided into two categories: governmental funds and proprietary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Town's near-term financing requirements and determining what financial resources are available in the near future to fund Town programs.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it may be useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Town's near-term financing decision. To facilitate this comparison, reconciliations of the differences between the governmental fund balance sheet and statement of revenues, expenditures and changes in fund balances and government-wide statement of net position and statement of activities are provided immediately following the respective governmental fund statements.

Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund, Highway User Revenue, Tangerine Farms Road Improvement District Debt Service, Transportation Capital Fund, and Other Special Revenue Fund all of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements and schedules. These statements are included as supplementary information after the basic financial statements starting on page 106.

The Town adopts an annual budget and legally allocates (or appropriates) available monies for the General, Highway User Revenue, Other Special Revenue, Tangerine Farms Road Improvement District Debt Service, Transportation Capital, and other non-major governmental funds. Budgetary comparison statements are provided for the General Fund, Highway User Revenue Fund, and Other Special Revenue Fund within the basic financial statements on pages 40-42. Budgetary comparison schedules have been presented for the Town's major debt and capital funds on pages 103-104, and budgetary comparison schedules have been presented for the Town's non-major funds to demonstrate compliance with the annual budget.

The basic governmental fund financial statements can be found on pages 32-42 of this report.

Proprietary funds. The Town maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Town uses enterprise funds to account for its water, wastewater and airport services, which are primarily supported by user charges and fees. Internal service funds are an accounting device used to accumulate and allocate costs internally among the Town's various functions. The Town uses an internal service fund to account for the employee health and dental benefits. Because the services of internal service funds predominantly benefits governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail.

TOWN OF MARANA, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2021

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found immediately following the basic financial statements.

Required supplementary information other than MD&A. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Town's progress in funding its obligation to provide pension benefits to its employees. Governments are required to disclose certain information about employee pension funds. These disclosures are included within Note 9 Employee Retirement Systems beginning on page 67 in addition to the information on pages 86-97 reported as required supplementary information.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Town, assets and deferred outflows of resources exceeded liabilities and deferred inflows by \$428.5 million as of June 30, 2021. Noncurrent assets increased by \$3.4 million or 1 percent due to the addition of capital assets and increased restricted cash for debt service purposes. The current assets increased by \$31.7 million or 31.5 percent primarily due to an increase in cash and receivables due from other governments. The increase in cash is primarily due to a planned reduction in spending due to unknown effects of the pandemic and higher than expected revenue collections during the pandemic. The increase to receivables due from other governments is due to the funding from ARPA. The current liabilities remained fairly consistent at \$22.5 million. Long-term liabilities increased by \$11.8 million or 8.4 percent due to an increase in net pension liability, general obligation bonds payable, and loans payable. The increase in long-term liabilities was offset by decreases in revenue bonds payable and special assessment bonds due to regularly scheduled principal payments.

Net position. The majority of the Town's net position reflects its investment in capital assets (land, building and improvements, infrastructure, vehicles and equipment and construction in progress) net of accumulated depreciation and any related outstanding debt used to acquire or construct those assets. The Town uses these capital assets to provide services to its citizens; consequently, these assets are not available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. In addition, a portion of the Town's net position represents resources that are subject to external restrictions on how they may be used.

The Town's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets.

The following table presents a summary of the Town's net position for the fiscal years ended June 30, 2021 and June 30, 2020.

Net investment in capital assets, which reflects the Town's investment in capital assets net of accumulated depreciation and any related outstanding debt issued to acquire or construct those assets, was \$349.9 million or 81.7 percent, which represents the largest portion of net position. This portion of net position increased by \$2 million as of June 30, 2021. The increase is due to a net increase in capital assets and offset by an increase in debt related to the acquisition of capital assets, primarily in the business-type activities.

The second portion of net position of \$22.8 million or 5.3 percent represents resources that are subject to external restrictions on how they may be utilized. This category remained consistent with the prior year.

The third portion consists of unrestricted net position of \$55.8 million or 13 percent. The unrestricted balance has increased by \$26.1 million. The increase in governmental activities accounts for \$20.8 million of the overall increase, which is primarily attributable to an increase in the General Fund unrestricted balance. As mentioned earlier, this is related to additional revenues and reduced expenditures. The business-type activities increase in unrestricted net position was \$5.3 million. The increase in business-type activities was due to an overall increase in cash as a result of increased charges for services and development fees.

**TOWN OF MARANA, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2021**

Changes in net position. The Town's total revenues for the fiscal year ended June 30, 2021, were \$123.4 million, which was an overall increase of \$7.9 million or 6.8 percent. Although we collected more revenues than the previous year, the growth rate has declined significantly due to the pandemic. We projected a decline in revenue projections, which were greater than the outcome. This year we have seen record highs in residential building over the last decade. The number of single family residential permits issued increased by 24.8 percent.

The total cost of all programs and services was \$95.1 million. The increase of \$3.6 million or 3.9 percent is primarily attributable to increased spending in General Government, Highways and Street, Water, Wastewater, and Airport. The increase in spending in the General Government function is due to increased pension expense. The increase in spending in the Highways and Street function is due to an increase in compensated absences and depreciation expense. The enterprise funds had increases in all categories of operating expenses. Primarily the contractual services increased due to costs related to implementing the Adonis sewer connection, the Airport runway safety study, and a Water study to review the Town's existing water resources portfolio.

TOWN OF MARANA, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2021

Governmental Activities. Governmental activities increased net position by \$19.3 million for fiscal year ended June 30, 2021. This increase is attributable to holding the line on spending and increased collections of revenues greater than projected. Also, as previously mentioned, the economic resources measurement focus is used for reporting government-wide financial information, as such, there were contributions of infrastructure assets of \$5.5 million, which contributed to the increase in governmental net position.

The following table presents the cost of the nine major Town functional activities. The table also shows each function's net cost (total cost less charges for services generated by the activities and intergovernmental aid provided for specific programs). The net cost shows the financial burden that was placed on the State and Town's taxpayers by each of these functions.

	Year Ended June 30, 2021		Year Ended June 30, 2020	
	Total Expenses	Net (Expense)/ Revenue	Total Expenses	Net (Expense)/ Revenue

Wastewater	5,345,902	2,524,629	4,135,927	2,701,558
Airport	1,645,801	(979,603)	1,392,850	1,090,943
Total	<u>\$ 14,787,350</u>	<u>\$ 8,833,324</u>	<u>\$ 12,278,811</u>	<u>\$ 9,830,550</u>

- The cost of all governmental activities this year was \$80.4 million. There was only a 1.4 percent increase in governmental activities expenses, which as previously mentioned is due to a conservative budget related to unknown effects of the pandemic.
- Net cost of governmental activities of \$42.3 million was largely financed by general revenues, which are made up of primarily sales taxes totaling \$442.8 million and state shared revenues of \$15.4 million.
- The Water fund expenses increased \$1 million or 15.4 percent. This is primarily due to increased costs overall for operating expenses. Specifically mid-year salary increases were provided, a new water resource study is being conducted by consultants, and additional costs were incurred for system repairs.
- The Wastewater fund expenses increased \$1.2 million or 29.3 percent. Wastewater had an overall increase in all categories of operating expenses. Specifically mid-year salary increases were provided, costs to connect residents to the new Adonis sewer connection were incurred, and an expense was recognized for an agreement to defer electric costs related to hydropower.

**TOWN OF MARANA, ARIZONA
MANAGEMENT’S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2021**

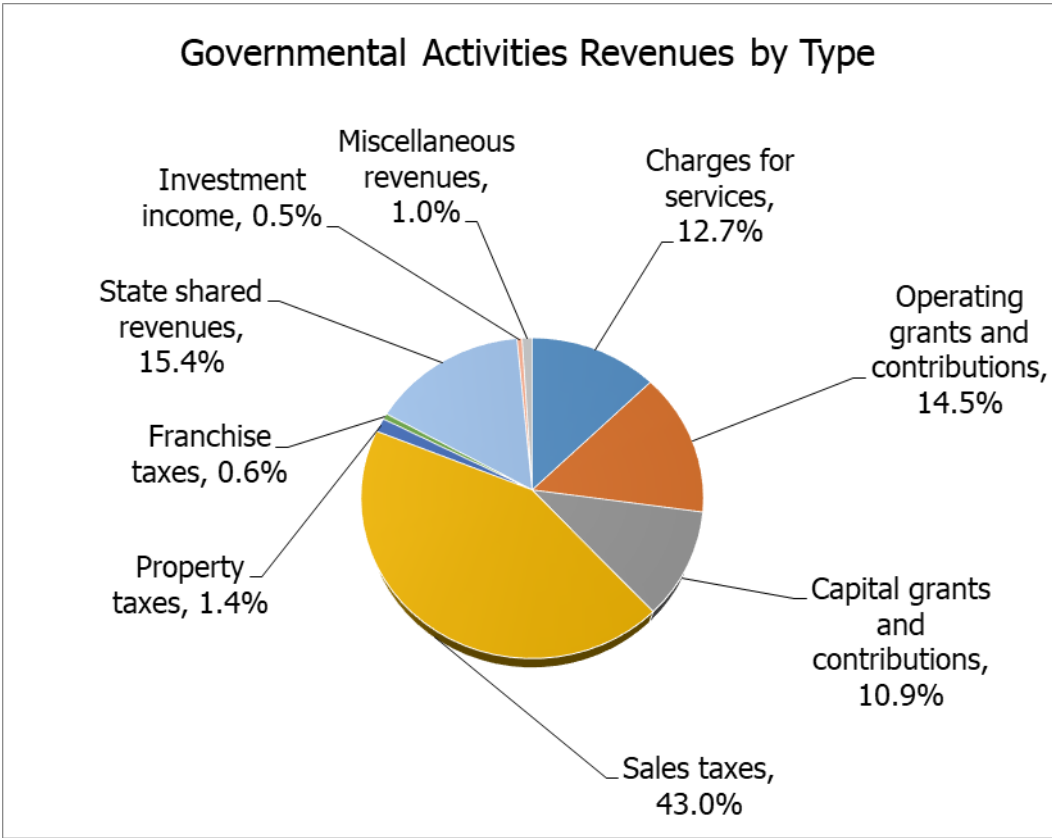

- The Airport fund expenses increase \$0.3 million or 18.1 percent. The increases were primarily due to the runway study and increased depreciation expense.

The following graph shows the functional revenues and expenses of the governmental activities in order to demonstrate the extent to which the governmental functions produce direct revenues to offset related program costs. It should be noted that this graph is not intended to represent a full allocation to these functions. As described above, expenses not covered by direct program revenues are covered by the Town’s general revenues which consist primarily of taxes and unrestricted State shared revenues. In governmental activities, the functional revenues of \$38 million are 47.3 percent of expenses for fiscal year 2021, up from 43.6 percent a year earlier. As described earlier, this increase is attributable to higher collections for charges for services and operating grants and contributions.

As seen on the following graphs, the largest revenue source for the Town’s governmental activities is sales tax revenues at 43 percent, followed by State shared revenues at 15.4 percent, operating grants and contributions at 14.5 percent, and charges for services at 12.7 percent. The Town’s largest expense category is highways and streets at 32 percent, followed by general government at 28.1 percent, and public safety at 23.9 percent. This is consistent with the allocation of expenses in the previous year.

YEAR ENDED JUNE 30, 2021**

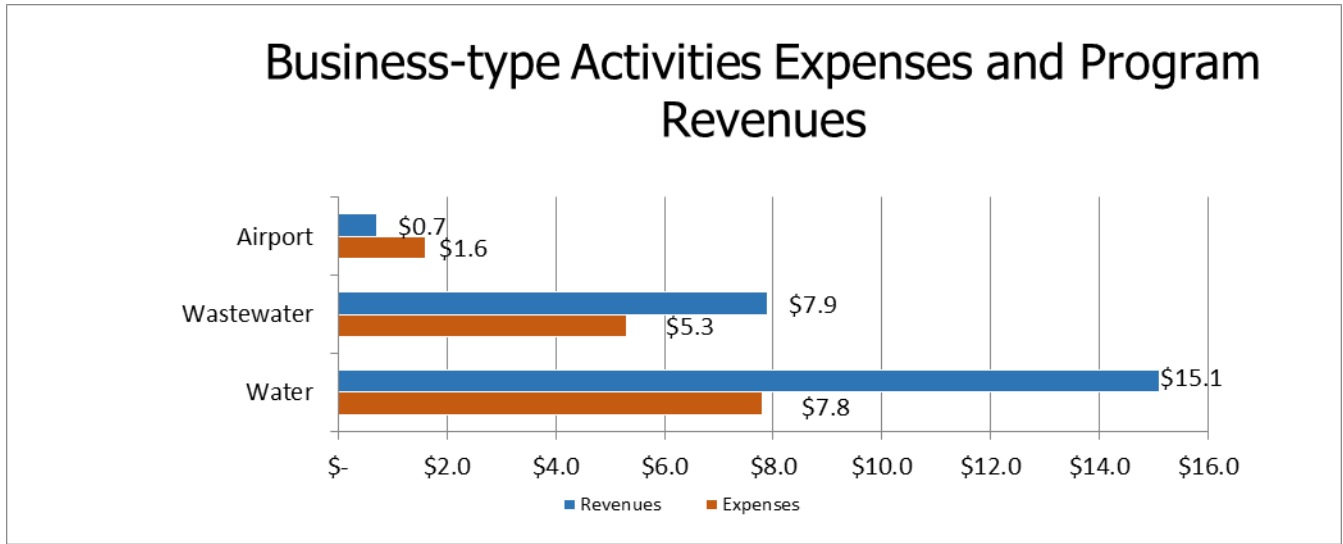

**TOWN OF MARANA, ARIZONA
MANAGEMENT’S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2021**

Business-type Activities

Business-type activities’ net position increased by \$8.9 million for fiscal year ended June 30, 2021. This increase is largely related to higher than projected revenue collections and conservative spending.

Charges for services continued to increase due to continued growth. This correlates with the increases mentioned previously for single family permits.

Business-type activity expenses increased by \$2.5 million or 20.4 percent primarily. All operating expenses were higher than the prior fiscal year.

The Town’s largest overall business-type activity is the Water Utility with \$7.8 million in expenses and \$15.1 million in program revenues during the year. The second largest activity is the Wastewater Utility with \$5.3 million in expenses and \$7.9 million in program revenues, followed by the Airport with \$1.6 million in expenses and \$0.7 million in program revenues.

As seen on the following graph, the largest revenue source for the Town’s business-type activities is capital grants and contributions at 56.7 percent followed by charges for services revenues at 42.8 percent.

**TOWN OF MARANA, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2021**

FINANCIAL ANALYSIS OF THE TOWN'S FUNDS

As noted earlier, the Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, unrestricted fund balance may serve as a useful measure of the Town's net resources available for spending at the end of the fiscal year.

The financial performance of the Town as a whole is reflected in its governmental funds. As of June 30, 2021, the Town's governmental funds reported a combined fund balance of \$113.5 million, of which \$67.4 million is unassigned and undesignated and therefore available for spending at the Town's discretion.

The General Fund, which is the principal operating fund of the Town, had a fund balance of \$71.4 million. Revenues increased by 26.9 percent and expenditures decreased slightly from the previous year. The primary increases in revenues were related to sales taxes and intergovernmental revenue. The decrease in expenditures relates to conservative budgeting in response to the pandemic.

The Transportation Fund had a fund balance of \$12.8 million which reflected a decrease of \$4.1 million from a year earlier. Sales tax revenues decreased slightly due to reduced commercial construction activity. Expenditures increased significantly, as previously mentioned, for planned construction road and drainage projects.

TOWN OF MARANA, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2021

Proprietary funds. The proprietary funds in the financial statements are prepared on the same measurement focus and accounting basis as the government-wide financial statements, but they provide more detail since each major enterprise fund is presented discretely. Of the total business-type activities proprietary funds net position of \$115 million, \$106.2 million comprised the funds' net investment in capital assets. \$1.1 million is restricted for capital projects and debt service, and unrestricted net position of \$7.7 million. The factors concerning the finances of these funds, as well as the changes in net position, have been addressed previously in the discussion of the Town's business-type activities.

The governmental activities net position increased by \$0.7 million with a total net position of \$2 million. This balance is unrestricted for dental and medical benefits.

BUDGETARY HIGHLIGHTS

The Town's annual adopted budget established the legal level of expenditure control. Budgetary comparison statements are required for the General Fund and all major special revenue funds. These statements compare the original budget, the budget as amended throughout the year, and the actual revenues and expenditures. Budgetary schedules for other governmental funds are also presented in this report as other supplementary information.

Every year we examine closely our goals and accomplishments during the budget development process. We do this to make sure that allocations are aligned with need, and that strategies are resulting in the appropriate outcomes. In fiscal year 2020-2021, the Town took extra care in the preparation of the budget due to COVID 19. All budgets were adjusted in accordance with known limitations in the wake of the pandemic. Due to projected shortfalls in sales tax and other revenues, the Town was in a holding pattern on hiring for vacant positions and worked with Department Heads on reducing their budgets by approximately 5%, while still maintaining focus on providing high levels of service.

General Fund revenues exceeded conservative budget projections in several key revenue sources like sales taxes, intergovernmental, and licenses, permits and fees. Departments maintained their conservative use of available resources. As mentioned previously, the CARES funds, ARPA funds, and conservative budgeting resulted in higher than budgeted revenue collections. The prudent use of funds as well as higher than expected revenues resulted in an increase in fund balance of \$25.2 million. The General Fund budget and actual variances are shown on page 40.

Amendments to the adopted budget may occur throughout the year between departments within the General Fund and between funds in all other funds in a legally permissible manner (see Note 3 – Budgetary Control). Budget adjustments between departments in the General Fund did occur. However, none of the amendments were significant.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets. As of June 30, 2021 the Town had invested \$445.6 million in governmental and business-type capital assets (net of accumulated depreciation). Total depreciation expense for the year was \$26.3 million, with \$21.3 million attributed to governmental activities and \$5 million to business-type activities.

The following schedule presents capital asset balances for the fiscal years ended June 30, 2021 and June 30, 2020. Additional information on the Town's capital assets can be found in Note 5.

Major capital asset events during the current fiscal year included the following:

- Completion of the reconstruction of Avra Valley Road for \$2.7 million.
- Completion of the construction of the Adonis Subdivision Drainage Improvement for \$1.7 million.
- Construction of the extension of Adonis Road completed for \$5.2 million.
- Restoration of the Camino de Oeste Road for \$1.5 million.
- Design and construction of the Airline/Lambert water treatment campus (construction in progress as of the close of the fiscal year had reached \$7.9 million).
- Design and construction of the Picture Rocks water treatment campus (construction in progress as of the close of the fiscal year had reached \$7.9 million).
- Design and construction of the Tangerine X-Zone Booster & PRV Station (construction in progress as of the close of the fiscal year had reached \$1.3 million).
- Completion of the Adonis Sewer Connection for \$1.3 million.

Debt Administration. At year-end, the Town had \$112.7 million in long-term debt obligations outstanding with \$7.3 million due within one year.

The Town had new debt adding \$12.4 million. The Town also had reductions of \$7.9 million during the current fiscal year due to regularly scheduled principal payments and premium amortizations. This resulted in an overall increase to debt of \$4.5 million.

The following table presents a summary of the Town's outstanding debt for the fiscal years ended June 30, 2021 and June 30, 2020. Additional information on the Town's long-term obligations can be found in Note 6.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

While the effects of the pandemic still linger, we are now slowly emerging from the initial disruption caused by the pandemic. Due to multiple factors, including sound budgeting practices, receiving \$5.6 million from the CARES Act, as well as an additional \$16.4 million from the American Rescue Plan, individual stimulus checks to citizens, accelerated housing development, the lifting of restrictions on local businesses, and stronger-than-anticipated retail sales projections, the Town is optimistic in its fiscal and financial position as we enter fiscal year 2021-22.

The 2021-22 budget increased by \$9.6 million or 6.4%. Revenues and other financing sources for the fiscal year 2021-2022 budget are \$127.8 million. The financial plan assumes that \$31.1 million in fund balance/equity will be used to complete previously funded projects and other onetime expenditures approved by council. The budget is structurally balanced with ongoing revenues supporting ongoing program expenditures. The budget document is the comprehensive decision making tool resulting from the annual budget process. The budget is a long-range plan by which financial policy is implemented and controlled.

CONTACTING THE TOWN'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, and investors and creditors with a general overview of the Town's finances and to demonstrate the Town's accountability for the resources it receives. If you have questions about this report or need additional information, contact the Finance Department, Town of Marana, Arizona at 11555 West Civic Center Drive, Marana, Arizona 85653, or visit www.MaranaAZ.gov.

**TOWN OF MARANA, ARIZONA
RECONCILIATION OF THE BALANCE SHEET - GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION
JUNE 30, 2021**

Total governmental fund balances **\$ 113,479,324**

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds:

Governmental capital assets	\$ 562,959,843	
Less accumulated depreciation	<u>(261,472,912)</u>	301,486,931

Long-term liabilities, such as net pension liabilities and bonds payable, are not due and payable in the current period and, therefore, are not reported in the governmental funds:

Compensated absences	(1,446,297)	
Revenue bonds payable	(45,301,000)	
General obligation bonds payable	(17,800,000)	
Special assessment bonds	(7,529,000)	
Net pension liability	(44,206,334)	
Accrued interest payable	<u>(1,437,692)</u>	(117,720,323)

Internal Service Funds are used by management to charge the costs of health and dental services. The assets and liabilities of the Internal Service Fund are included in governmental activities in the Statement of Net Position.

1,971,762

Deferred items related to the issuance of bonds and resources related to pensions are applicable to future reporting periods and, therefore, are not reported in the funds.

Bond premium	(4,766,981)	
Deferred charge on refunding	1,307,614	
Deferred inflows related to pensions	(467,204)	
Deferred outflows related to pensions	<u>10,931,378</u>	7,004,807

Other long-term assets are not available to pay for current period expenditures and, therefore, are reported as unavailable revenue in the funds.

Intergovernmental revenue	47,057	
Special assessments revenue	<u>7,217,240</u>	<u>7,264,297</u>

Net position of governmental activities **\$ 313,486,798**

TOWN OF MARANA, ARIZONA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES
IN FUND BALANCES - GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
YEAR ENDED JUNE 30, 2021

Net changes in fund balances - total governmental funds **\$ 22,373,971**

Amounts reported for governmental activities in the Statement of Activities are different because

Governmental funds report the portion of capital outlay for capitalized assets as expenditures. However, in the Statement of Activities, the costs of those assets are allocated over their estimated useful lives depreciation expense.

Expenditures for capitalized assets	\$ 13,592,638	
Less current year depreciation	<u>(21,340,820)</u>	(7,748,182)

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position.

Debt issued	(4,155,000)	
Premium on bonds	(114,985)	
Special assessment bond retirement	2,023,000	
General obligation bond retirement	570,000	
Revenue bond principal retirement	<u>3,726,000</u>	2,049,015

Contributions of infrastructure assets are not recorded as revenues in the governmental funds. 5,467,986

Some revenues and expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as revenues or expenditures in governmental funds.

Accrued interest	40,152	
Intergovernmental revenue	(64,226)	
Special assessments	(2,129,145)	
Compensated absences	(877)	
Asset transfer from enterprise fund	(1,247)	
Gain on sale of assets	(8,490)	
Amortization of bond premium	464,391	
Amortization of deferred charges	<u>(147,896)</u>	(1,847,338)

Town pension contributions are reported as expenditures in the governmental funds when made. However, they are reported as deferred outflows of resources in the Statement of Net Position because the reported net pension liability is measured a year before the Town's report date. Pension expense, which is the change in the net pension liability adjusted for changes in deferred outflows and inflows of resources related to pensions, is reported in the Statement of Activities.

Town pension contributions	3,997,622	
Pension revenue	27,043	
Pension expense	<u>(5,715,066)</u>	(1,690,401)

Internal service funds are used by the Town to charge the costs of health and dental services. The net revenue (expense) is reported with governmental activities in the Statement of Activities. 725,549

Change in net position in governmental activities **\$ 19,330,600**

The notes to the financial statements are an integral part of this statement.

TOWN OF MARANA, ARIZONA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Town have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing government accounting and financial reporting principles.

A. Reporting Entity

The Town of Marana, Arizona (the Town) was incorporated on March 21, 1977, under the provisions of the Constitution of Arizona and the Arizona Revised Statutes. The Town operates under a separately elected council-mayor form of government. All funds and entities related to the Town that are controlled by the Mayor and Council are included in the annual financial report. Control is determined on the basis of budget adoption, taxing authority, and the ability to significantly influence operations and accountability for fiscal matters. The Town provides a full range of services including general government, development and planning services, legal, public safety, public works, and parks and recreation services.

In accordance with generally accepted accounting principles, these financial statements present the Town and its component units, the Gladden Farms Community Facilities District (GFCFD), Gladden Farms Community Facilities District II (GFCFD II), the Saguaro Springs Community Facilities District (SSCFD) and the Tangerine Farms Road Improvement District (TFRID). The GFCFD, GFCFD II, SSCFD and TFRID are blended component units with the Town in these financial statements as all four were established by the Town in order to fund the debt incurred to finance the purchase of various public infrastructure within the districts.

The GFCFD, GFCFD II, SSCFD and TFRID component units each have a June 30 year-end and are included in the Gladden Farms Capital Projects and Debt Service Funds, the Saguaro Springs Capital Projects and Debt Service Funds, the Tangerine Farms Improvement District Debt Service Fund, and the Other Capital Projects Funds, respectively. Separate financial statements are prepared for the community facilities districts. Separate financial statements of the TFRID are not prepared on a stand-alone basis.

B. Basis of Presentation

The basic financial statements include both government-wide statements and fund-based financial statements. The government-wide statements focus on the Town as a whole, while the fund-based statements focus on major funds. Each presentation provides valuable information that can be analyzed and compared between years and between governments to enhance the usefulness of the information.

Government-wide Financial Statements

The government-wide financial statements (i.e. the statement of net position and the statement of activities) present financial information about the Town as a whole. The reported information includes all of the activities of the Town and its component units. For the most part, the effect of internal activity has been removed from these statements.

These statements are to distinguish between the governmental and business-type activities of the Town. Governmental activities normally are supported by taxes and intergovernmental revenues, and are reported separately from business-type activities, which are financed in whole or part by fees charged to external parties.

TOWN OF MARANA, ARIZONA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

The statement of activities demonstrates the degree to which the direct expenses of a given function of the Town's governmental activities or segment of its business-type activities are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The Town does not currently have an indirect cost allocation system. However, the General Fund does allocate administrative charges to the Enterprise funds to support general services used by those funds (like purchasing, accounting, administration, etc.) These fees are included in the expense column on the Statement of Activities. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes, investment income, and other items not included among program revenues are reported instead as general revenues.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Water Utility, Wastewater Utility, and Airport funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Generally, the effect of interfund activity has been eliminated from the government-wide financial statements to minimize the double counting of internal activities. However, charges for interfund services provided and used are not eliminated if doing so would distort the direct costs and program revenues reported by the departments concerned.

Fund Financial Statements

Fund statements provide information about the Town's funds, including blended component units. Separate statements are presented for the governmental and proprietary fund categories. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as non-major funds.

The Town reports the following major governmental funds:

General Fund – This fund is the general operating fund of the Town. It is used to account for all financial resources, except those required to be accounted for in another fund.

Highway User Revenue Fund – This fund accounts for excise fuel taxes which are distributed to cities and towns based on a formula. A constitutional restriction requires that these funds be used solely for street and highway purposes.

Other Special Revenue Fund – This fund includes all other grant related programs and projects.

Tangerine Farms Improvement District Debt Service Fund – This fund accounts for the accumulation of resources and payment of principal and interest on the Tangerine Farms Road Improvement District Special Assessment Bonds.

Transportation Fund – This fund accounts for the financing and construction of transportation capacity improvement projects.

TOWN OF MARANA, ARIZONA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

The Town reports the following major proprietary funds:

Water Fund – This fund is used to account for the financing and operation of the Water Utility.

Wastewater Fund – This fund is used to account for the financing and operation of the Wastewater Utility.

Airport Fund – This fund is used to account for the financing and operation of the Marana Airport.

Additionally, the Town reports the following fund types:

Internal service fund – This fund is used to account for the operating revenues and charges for health and dental benefits.

C. Measurement Focus and Basis of Accounting

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned, including unbilled water services which are accrued, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon all eligibility requirements imposed by the grantor or provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting.

Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Debt service resources are provided during the current year for payment of long-term debt principal and interest due early in the following year. Compensated absences are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuances of general long-term debt and acquisitions under capital lease agreements are reported as other financing sources.

Sales taxes, licenses and permits, charges for services, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Grants and similar awards are recognized as revenue as soon as all eligibility requirements imposed by the grantor or provider have been met. Miscellaneous revenue is not susceptible to accrual because generally they are not measurable until received in cash.

Property taxes are levied by community facility districts, which are component units of the Town and collected by the Pima County Treasurer and special assessment property taxes are levied and collected by the Town. All property taxes are levied no later than the third Monday in August and are payable in two installments due October 1 of the current year and March 1 of the subsequent year. Taxes become delinquent after the first business day of November and May, respectively. Interest attaches on installments after the delinquent date. Pursuant to ARS, a lien against assessed real and personal property attaches on the first day of January preceding assessment and levy; however according to case law, an

TOWN OF MARANA, ARIZONA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

enforceable legal claim to the asset does not arise.

Tangerine Farms Road Improvement District (a component unit) issued special assessment bonds for infrastructure improvements. These bonds will be paid through assessments made to the property owners within the Tangerine Farms Road Improvement District. The Town is responsible for the collection of the assessments and the disbursement of funds to retire the bonds. If a delinquency on an assessment occurs, the Town is required to cover the delinquency with other resources until foreclosure proceeds are received.

D. Cash and Cash Equivalents

For the purposes of the statement of cash flows, the Town considers all highly liquid investments (including the funds' participation in the investment pool account, and appropriate restricted assets) to be cash equivalents. Individual fund investments with a maturity of three months or less when purchased are considered as cash equivalents.

E. Investments

Arizona Revised Statutes authorize the Town to invest public monies in the State Treasurer's Local Government Investment Pool, interest-bearing savings accounts, certificates of deposit, and repurchase agreements in eligible depositories; bonds or other obligations of the U.S. government that are guaranteed as to principal and interest by the U.S. government; and bonds of the State of Arizona counties, cities, towns, school districts, and special districts as specified by statute.

The State Board of Investment provides oversight for the State Treasurer's pools. The fair value of a participant's position in the pool approximates the value of that participant's pool shares

Nonparticipating interest-earning investment contracts are stated at cost. Money market investments and participating interest contracts with a remaining maturity of one year or less at time of purchase are stated at amortized cost. All investments are stated at fair value.

F. Postemployment Benefits

For purposes of measuring the net pension (asset and) liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the pension plans' fiduciary net position and additions to/deductions from the plans' fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. ASRS, EORP, CORP, and PSPRS net OPEB assets/liabilities or related deferrals have not been recorded, or further disclosed, at June 30, 2021 in accordance with GASB 75, due to the relative insignificance to the Town's financial statements.

G. Restricted Assets

The trust indentures executed for the entire bond series issued require all cash and investments for each bond series to be held on deposit by the trustee/fiscal agents. These assets are restricted for payment of interest and trustee fees associated with the bond issues, retirement of principal balances, and to finance various capital projects.

TOWN OF MARANA, ARIZONA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

In addition, the State of Arizona required that assets obtained at the completion of criminal proceedings by the Town's police department be given to Pima County for custodial purposes. These assets are restricted for expenses that will enhance the Town's ability to conduct police investigations.

H. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. Prepaid items are recorded as expenses when consumed in the government-wide financial statements. Prepaid items are recorded as expenditures when purchased in the fund financial statements and are offset by a reserve of fund balance.

I. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All trade and other receivables are shown net of an allowance for uncollectible amounts.

J. Interfund Activity

Flows of cash from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers between governmental funds are eliminated in the Statement of Activities. Interfund transfers in the fund statements are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in proprietary funds.

K. Capital Assets

Capital assets, including public domain infrastructure such as roads, bridges, curbs and sidewalks, lighting system, water distribution system and other assets that are immovable and of value to the Town, are defined as assets with an initial individual cost of \$5,000 or more and an estimated useful life of more than one year. Such assets are recorded at actual cost or historical cost (or estimated historical cost if historical records are not available). Donated capital assets are reported at acquisition value. Capital assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. No long-term assets or depreciation are shown in the governmental funds financial statements.

The Town has chosen not to apply the modified approach to any network, system, or subsystem of infrastructure assets.

The cost of normal maintenance and repairs that do not significantly add to the value of the asset or materially extend the life of the asset are not capitalized. Major improvements are capitalized and depreciated over the remaining useful life of the related capital assets.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Depreciation is provided over the estimated useful lives of such assets using the straight-line method. These estimated useful lives are as follows:

TOWN OF MARANA, ARIZONA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

	Years
Buildings	15-40
Building improvements	10-15
Pump stations, distribution systems, equipment and improvements	20-75
Public domain infrastructure	20-50
Machinery, equipment, and assets under capital lease	5-10

L. Long-term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable business-type activities and proprietary fund type statement of net position. Bond related charges and credits, such as premium discounts and issuance costs, are deferred and amortized over the life of the bonds using the straight-line method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures in the period incurred.

M. Compensated Absences

The Town's employee vacation, managed time off, and sick leave policies generally provide for granting vacation and sick leave with pay.

Vacation leave vests with the employee as it is earned. Employees may accumulate up to 240 hours of vacation depending on years of service. The current and long-term liabilities for accumulated vacation, including related benefits, are reported on the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee leave, resignations, and retirements.

Managed time off and sick leave benefits provided for necessary rest and relaxation, attendance at commitments outside of work, and ordinary sick pay are not vested with the employees. Generally, resources from the General Fund are used to pay for compensated absences.

N. Transactions Between Funds

Transactions that would be treated as revenue or expenses if they involved organizations external to the governmental unit are accounted for as revenue or expenses in the funds involved. Transactions which constitute reimbursements of a fund for expenses initially made from that fund which are properly applicable to another fund are recorded as expenses in the reimbursing fund and as reductions of the expense in the fund that is reimbursed.

Interfund transfers between governmental funds are eliminated in the Statement of Activities. Interfund transfers in the fund statements are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in proprietary funds.

TOWN OF MARANA, ARIZONA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

O. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles accepted in the United States of America requires management to make estimates and assumptions. This will affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

P. Seized Property

The Town Police have in their custody certain assets seized in criminal proceedings. Until formal procedures have been finalized, the ownership of this property is not determinable. In addition, legal requirements dictate that such assets not be reflected on the Town's financial records in an agency capacity until Town ownership has been determined. Consequently, no such assets are recorded on these financial statements.

Q. Deferred Outflows/Inflows of Resources

The statement of net position and balance sheet include separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent a consumption of net position that applies to future periods that will be recognized as an expense or expenditure in future periods. Deferred inflows of resources represent an acquisition of net position or fund balance that applies to future periods and will be recognized as revenue in future periods.

R. Flow Assumption

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance).

In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. When both restricted and unrestricted resources are available for use, it is the Town's policy to use restricted resources first, then unrestricted resources as they are needed. Additionally, the Town funds certain programs by a combination of grants and general revenues. The Town applies grant resources to such programs before using general revenues.

NOTE 2 – FUND BALANCE CLASSIFICATIONS

In the fund financial statements, fund balance is reported in classifications that comprise a hierarchy based on the extent to which the Town is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The classifications of fund balance are Nonspendable, Restricted, Committed, Assigned, and Unassigned. Nonspendable and Restricted fund balances represent the restricted classifications and Committed, Assigned, and Unassigned represent the unrestricted classifications.

Committed fund balance can be used only for specific purposes determined by formal action of Town Council. Town Council is the highest level of decision-making authority for the town. Commitments may be established, modified, or rescinded only through resolutions approved by Town Council.

TOWN OF MARANA, ARIZONA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Nonspendable Fund Balance consists of funds that are not in a spendable form, such as inventories and prepaids, or can be legally or contractually required to be maintained intact.

Restricted Fund Balance consists of funds that are externally imposed by creditors, grantors, contributors, law or regulations of other governments, or by law imposed through constitutional provisions or enabling legislation. Committed Fund Balance consists of funds that can only be used for specific purposes pursuant to constraints imposed by formal action of the Town's highest level of decision-making authority. Assigned Fund Balance consists of funds constrained by the Town's intent to be used for specific purposes, but are neither restricted nor committed, should be reported as assigned fund balance. This classification of fund balance must be designated by the Town's highest level of decision making authority or a Town official that has been delegated the authority to assign funds. Unassigned Fund Balance consists of the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. The General Fund is the only fund that can report a positive unassigned fund balance and any other governmental fund can report a negative fund balance. When both restricted and unrestricted resources are available for specific expenditures, restricted resources are considered spent before unrestricted resources.

As of June 30, 2021, the fund balance details by classification are listed below:

	General Fund	Highway User Revenue	Other Special Revenue Fund	Tangerine Farms Improvement District Debt Service	Transportation Fund	Non-Major Governmental Funds
Fund Balances:						
Nonspendable:

TOWN OF MARANA, ARIZONA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 3 - BUDGETARY CONTROL

Excess Expenditures Over Budget – At June 30, 2021, the Town had expenditures in funds that exceeded the budget; however, this does not constitute a violation of any legal provisions.

The voters of the State of Arizona, on June 30, 1980, approved an expenditure limitation that is applicable to all local governments. This limitation, based on expenditures of the 1979-80 fiscal year, restricts the growth of expenditures based on a factor of increases in population and inflation. Certain expenditures are held to be excludable. The limitation is set by the State Economic Estimates Commission prior to April 1 of each year for the following fiscal year. As allowed, the voters of the Town of Marana, on August 4, 2020, approved an alternative expenditure limitation - home rule option to be applicable to the Town. This alternative expenditure limitation is free from any ties to the state imposed limitations and is in effect for four consecutive years beginning with the fiscal year ended June 30, 2021. This limitation provides for the Town to allow the Mayor and Council to adopt an annual expenditure limitation each year with no expenditures held to be excludable. Therefore, the annual expenditure limitation equals the adopted budget.

The Town establishes its fiscal year as the twelve-month period beginning July 1. The departments submit to the Town manager a budget of estimated expenditures for the ensuing fiscal year. The Town manager and each department head meet to discuss mutually acceptable changes for the estimated expenditures for that department after which the Town manager subsequently submits a budget of estimated expenditures and revenues to the Town Council.

Upon receipt of the budget estimates, the Town Council will hold a public meeting to obtain taxpayer comments. Concurrently, a copy of the budget estimates is published in a local newspaper. The Town Council is prevented from legally enacting the budget through passage of a resolution until 15 days have passed after the date of the public meeting. Prior to July 1, the budget is legally enacted.

The Town Council formally adopts the budget and legally allocates the available monies for the General Fund, the Highway User Revenue Fund, the Community Development Block Grant Fund, the Affordable Housing Revolving Fund, the Local JCEF Fund, the Local Technology Enhancement Fund, the Fill the Gap Fund, the Bed Tax Fund, the RICO Fund, the Impound Fund, the Other Grants and Contributions Fund, the Series 2013 Debt Fund, the Series 2014 Debt Fund, the 2017 Debt Fund, the Gladden Farms CFD Debt Fund, the Gladden Farms II CFD Debt Fund, the Saguaro Springs CFD Debt Fund, the Tangerine Farms Improvement District Debt Fund, the Transportation Fund, the Downtown Reinvestment Fund, the Impact Fee Funds, the Other Capital Projects Funds, the Regional Transportation Authority Fund, the Pima Association of Governments Fund, the Gladden Farms CFD Capital Fund, the Gladden Farms II CFD Capital Fund, and the Saguaro Springs CFD Capital Fund. The enterprise funds, Water Utility, Wastewater Utility and Airport, are subject to flexible budgets.

The Town manager is authorized to transfer budgeted amounts within any department in the General Fund or between funds for any other fund; however, any revisions that reallocate budgeted amounts between departments within the General Fund or from the budget line items labeled "contingency" must be approved by the Town Council.

NOTE 4 - CASH AND INVESTMENTS

A.R.S and the Town's investment policy authorize investments in the State Treasurer's local government investment pools, the County Treasurer's investment pool, interest-bearing savings accounts, certificates of

deposit, and repurchase agreements in eligible depositories; commercial paper rated in the highest tier by a NRSRO; and bonds or other obligations of the U.S. government that are guaranteed as to principal and interest by the U.S. government. The statutes do not include any requirements for credit risk, custodial credit risk, concentration of credit risk, interest rate risk, or foreign currency risk for the Town's investments. The State Board of Investment provides oversight for the State Treasurer's pools.

At June 30, 2021, the carrying amount of the Town's deposits was \$57,640,963 and the bank balance was \$57,754,042. The differences between the book and bank balances are due to timing of certain transactions like deposits in transit and outstanding checks.

Of the bank balance, \$2,089,663 was covered by Federal depository insurance and \$56,777,667 was covered by collateral held by the pledging financial institution's trust department but not in the Town's name; no portion of the balance was uninsured and uncollateralized. The Town had \$4,475 in petty cash funds, change drawers and other related items at year end. Additionally, the Town's share of RICO funds were held in a fiduciary capacity by Pima County with deposits of \$635,595. The Town's Police Department may only use these funds for specific law enforcement activity.

At June 30, 2021, the Town's investments, categorized within the fair value hierarchy established by generally accepted accounting principles, were as follows:

	Amount	Fair value measurement using		
		Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Investment by fair value level				
Federal Home Loan Mortgage Corp	\$ 6,701,830	\$ -	\$ 6,701,830	\$ -
Federal National Mortgage Assoc	4,225,940	-	4,225,940	-
Federal Home Loan Banks	4,817,192	-	4,817,192	-
Corporate Bonds	2,063,769		2,063,769	
U.S. Treasuries	11,790,722	11,790,722	-	-
Total investments by fair value level		<u>\$ 11,790,722</u>	<u>\$ 17,808,731</u>	<u>\$ -</u>
External investment pools measured at fair value				
State Treasurer's investment pool 5	13,662,287			
State Treasurer's investment pool 7	1,944,134			
Total investments measured at fair value	<u>45,205,874</u>			
Investments measured at amortized costs				
Money market investments	18,053,696			
Total investments measured at amortized costs	<u>18,053,696</u>			
Total investments	<u>\$63,259,570</u>			

Investments categorized as Level 1 are valued using prices quoted in active markets for those investments. Investments categorized as Level 2 are valued using market-corroborated inputs by evaluating issues with its best-known market maker. Investments in the State Treasurer's investment pools are valued at the pool's share price multiplied by the number of shares the Town held. The fair value of a participant's position in the pools approximates the value of that participant's pool shares. The State Board of Investment provides oversight for the State Treasurer's investment pools.

TOWN OF MARANA, ARIZONA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Interest Rate Risk. Statutes require that public monies invested in securities and deposits have a maximum maturity of 5 years. The maximum maturity for investments in repurchase agreements is 180 days. In order to limit interest and market rate risk, the Town's investment policy sets a maximum maturity on any investment of 3 years. The weighted average maturity (WAM) at June 30, 2021 for Town investments was 461 days. The State Treasurer's investment policy sets a maximum WAM for pools 5 and 7 not to exceed 90 days.

Credit Risk. As of June 30, 2021, the Town's investment in the State Treasurer's investment pool 5 and pool 7 are specifically limited to those securities that carry the full faith and credit of the United States Government. The net asset value per share of both pools at June 30, 2021 was \$1.00. Pool 5 has continued to maintain the highest credit rating of AAA f/S1+ by Standard & Poor's. Pool 7 invests in securities backed by the U.S. Government and has an AAA weighted average rating. The Town's investments in U.S. Agencies were rated AA+ by Standard & Poor's and Aaa by Moodys. The Arizona State Treasurer has a publicly available financial report that includes financial statements and required supplementary information. Copies may be obtained by contacting the Arizona State Treasurer, 1700 West Washington, Phoenix, AZ 85007 or at www.aztreasury.gov. Corporate bonds were rated as follows:

Standard & Poor's Rating	AA-	AA	AA+	Total
Corporate Bonds	\$ 1,027,308	\$ 517,587	\$ 518,874	\$ 2,063,769

Custodial Credit Risk. To control custodial credit risk, State law and the Town's investment policy requires all securities and collateral to be held by an independent third party custodian in the Town's name. The custodian provides the Town with monthly safekeeping statements. Statutes require collateral for deposits at 102 percent of all deposits federal depository insurance does not cover.

The Town's investment in the State Treasurer's investment pool represents a proportionate interest in the pool's portfolio; however, the Town's portion is not identified with specific investments and is not subject to custodial credit risk.

Concentration of Credit Risk. The Town places no limit on the amount it may invest in any one issuer. More than 5% of the Town's investments are in U.S. Agencies. These investments are 18.6% of the Town's total investments.

At June 30, 2021, the Town had the following investment in debt securities:

Investment Type	Amount	Investment maturities	
		Less than 1 Year	1-5 Years
Money market investments	\$ 18,053,696	\$ 18,053,696	\$ -
State Treasurer's Investment Pool 5	13,662,287	13,662,287

The difference of \$74,262 between total increases to accumulated depreciation and total depreciation expense is due to the inclusion of transfers of capital assets from the government-type activities.

NOTE 6 – LONG-TERM LIABILITIES

A. Notes Payable

Business-type activities loans payable consists of five loans from the Water Infrastructure Finance Authority (WIFA), the proceeds of which were used to acquire and construct various water and wastewater related infrastructure. The loans are to be repaid in annual principal payments, plus semiannual interest payments, and a semiannual servicing fee.

During 2010, the Town obtained \$5,250,000 in financing from WIFA for the acquisition and construction of a new water infrastructure. As of year-end, the Town had drawn on \$4,690,128 of the loan and returned \$559,872. The interest rate at June 30, 2021 on the outstanding balance is 1.468 percent.

TOWN OF MARANA, ARIZONA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

During 2019, the Town obtained \$15,000,000 in financing from WIFA for the design and construction of two water treatment campuses. As of year-end, the Town has drawn on \$14,402,499 of the loan, leaving \$597,501 available for drawdown. The interest rate at June 30, 2021 on the outstanding balance is 2.440 percent.

During 2019, the Town also obtained \$1,481,990 in financing from WIFA for the design and construction of new wastewater infrastructure for the Adonis Mobile Home Park Neighborhood. Fifty percent of the principal amount is forgivable as the Town applied on behalf of Adonis, a qualified disadvantaged community. As of year-end, the Town had drawn the entire forgivable portion plus \$711,230 of the loan and returned \$29,764. The interest rate at June 30, 2021 on the outstanding balance is 2.508 percent.

During 2020, the Town obtained \$1,100,000 in additional financing from WIFA for the two water treatment campuses. \$525,500 of the principal amount is forgivable. As of year-end, the Town has drawn the entire forgivable portion plus \$192,969 of the loan, leaving \$381,531 available for drawdown.

During 2020, the Town obtained \$475,000 in additional financing from WIFA for the Adonis Mobile Home Park wastewater infrastructure. Fifty percent of the principal amount is forgivable. As of year-end, the Town has drawn the entire forgivable portion plus \$221,216 of the loan and returned \$16,283.

TOWN OF MARANA, ARIZONA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

B. Community Facilities District (CFD) General Obligation Bonds

Gladden Farms Community Facilities District (a component unit) issued general obligation bonds for infrastructure improvements and to refund prior issuances. The refunding issuance resulted in the 2004, 2006, 2007, and 2010 general obligation bond series to be considered defeased and the liability has been removed from the statement of net position.

During 2019, Saguaro Springs Community Facilities District (a component unit) issued \$3,845,000 of Series 2018 general obligation bonds for infrastructure improvements.

During 2020, Saguaro Springs Community Facilities District (a component unit) issued \$1,950,000 of Series 2019 general obligation bonds for infrastructure improvements.

Gladden Farms Phase II Community Facilities District (a component unit) issued \$1,245,000 of Series 2019 general obligation bonds for infrastructure improvements.

During 2021, Gladden Farms Community Facilities District (a component unit) issued \$4,155,000 of Series 2020 general obligation bonds for infrastructure improvements.

These bonds are payable from the property tax collected by each District. The CFD general obligation bonds outstanding as reported in governmental activities as of June 30, 2021, were as follows:

	<u>Outstanding June 30, 2021</u>
\$7,955,000 Gladden Farms CFD General Obligation Bonds, 2016 Series, due in annual installments of \$20,000 to \$640,000; through July 15, 2041; at a 2.0% to 4.0% interest rate.	\$ 6,865,000
\$3,845,000 Saguaro Springs CFD General Obligation Bonds, 2018 Series, due in annual installments of \$100,000 to \$235,000; through July 15, 2043; at a 2.0% to 4.0% interest rate.	3,640,000
\$1,245,000 Gladden Farms Phase II CFD General Obligation Bonds, 2019 Series, due in annual installments of \$30,000 to \$80,000; through July 15, 2044; at a 3.75% to 4.125% interest rate.	1,245,000
\$1,950,000 Saguaro Springs CFD General Obligation Bonds, 2019 Series, due in annual installments of \$55,000 to \$340,000; through July 15, 2044; at a 3.0% to 4.0% interest rate.	1,895,000
\$4,155,000 Gladden Farms CFD General Obligation Bonds, 2020 Series, due in annual installments of \$100,000 to \$405,000; through July 15, 2041; at a 2.375% to 3.0% interest rate.	4,155,000

TOWN OF MARANA, ARIZONA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

E. Revenue Bonds – Direct Placement

The Town issued pledged excise tax-revenue and refunding obligation bonds via direct placement to acquire additional water systems, wastewater systems, infrastructure upgrades, the design and construction of the new municipal complex and to refund prior issuances.

These bonds are payable from the excise taxes collected by the Town and water utility revenue. The direct placement revenue bonds outstanding as of June 30, 2021 were as follows:

	Outstanding June 30, 2021	
	Governmental	Business-type
\$6,493,000 Pledged Excise Tax Revenue and Revenue Refunding Obligations, 2014 Series, due in annual installments of \$353,000 to \$735,000; through July 1, 2025; at a 2.55% interest rate.	\$ 3,331,000	
\$1,343,000 Water Utility Revenue Refunding Obligations, 2014 Series, due in annual installments of \$129,000 to \$197,000; through July 1, 2022; at a 2.53% interest rate.		\$ 390,000
Total	\$ 3,331,000	\$ 390,000

Annual debt service requirements to maturity on direct placement revenue bonds at June 30, 2021, are summarized as follows:

Year ending June 30	Governmental Activities		Business-type Activities	
	Principal	Interest	Principal	Interest
2022	\$ 715,000	\$ 75,825	\$ 193,000	\$ 7,426
2023	735,000	57,337	197,000	2,492
2024	609,000	40,201	-	-
2025	629,000	24,416	-	-
2026	643,000	8,198	-	-
Totals	\$ 3,331,000	\$ 205,977	\$ 390,000	\$ 9,918

F. Pledged Revenues

The Town has pledged future excise tax revenues to repay \$80.9 million in Excise Tax Revenue Bonds issued in 2013, 2014, and 2017. The various bonds were issued for the expansion of the Marana Wastewater Reclamation Facility, construction of the groundwater Recharge Facility, construction of the municipal complex, the acquisition of certain water systems, acquisition of the Marana Wastewater Reclamation Facility, infrastructure upgrades and to refund prior debt issuances. The Town has also pledged future excise tax revenues to repay \$16.5 million in Water Infrastructure Financing Authority loans issued in 2019 and 2020. The loans were issued for wastewater improvements in the Adonis neighborhood and water quality treatment campuses. At year end, \$65.1 million in bonds remain outstanding and \$14.3 million in loans remain outstanding to be repaid by future excise tax revenues. The net revenues available for service of this debt were \$63.4 million. The debt principal and interest paid on this debt during fiscal year 2021 was \$6.7 million (10.6% of available net pledged revenues).

TOWN OF MARANA, ARIZONA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

In addition, the Town has pledged future water utility revenues to repay \$4.7 million in Water Infrastructure Financing Authority loans and a \$1.3 million Revenue Refunding Bond. The loan was issued for the acquisition of well sites and the construction of certain infrastructure. The bond was issued in 2014 to refund prior debt issuances. At year end, \$2.9 million remains outstanding to be repaid by future water revenues. For the fiscal year ended June 30, 2021, the net revenues available for service of this debt were \$5.7 million. The debt principal and interest paid, including fees, on this debt during fiscal year 2021 was \$515,687.

Under Arizona law, the Town is subject to a debt limit when issuing general obligation bonds for general municipal purposes not to exceed 6 percent of the full valuation of taxable real property. Also, under Arizona law, the Town can issue additional general obligation bonds for supplying specific services, such as water, sewer, lighting, parks and recreational facilities, and transportation, up to an amount not exceeding 20 percent of the full valuation of taxable real property. At June 30, 2021, the total legal debt limit was \$174,478,734. As of June 30, 2021, the total outstanding debt applicable to the limit was zero.

G. Changes in Long-term Liabilities

The following is a summary of changes in long-term liability activity for fiscal year ended June 30, 2021.

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental activities:					
General obligation bonds	\$ 14,215,000	\$4,155,000	\$ (570,000)	\$ 17,800,000	\$ 600,000
Revenue bonds – Public Placements	45,000,000	-	(3,030,000)	41,970,000	3,150,000
Revenue bonds – Direct Placements	4,027,000	-	(696,000)	3,331,000	715,000
Compensated absences	1,445,420	1,176,763	(1,175,886)	1,446,297	1,301,668
Net pension liability	37,495,904	6,710,430	-	44,206,334	-
Special assessment bonds	9,552,000	-	(2,023,000)	7,529,000	1,661,000
Bond premium	5,116,387	114,985	(464,391)	4,766,981	-
Total	<u>\$116,851,711</u>	<u>\$12,157,178</u>	<u>\$(7,959,277)</u>	<u>\$121,049,612</u>	<u>\$7,427,668</u>
Business-type activities:					
Loan payable	\$ 9,560,823	\$8,090,210	\$ (874,502)	\$ 16,776,531	\$ 934,937

Bond premium	331,182	-	(19,688)	311,494	-
Total	<u>\$ 32,435,261</u>	<u>\$8,748,393</u>	<u>\$(1,194,095)</u>	<u>\$ 39,989,559</u>	<u>\$1,249,740</u>

TOWN OF MARANA, ARIZONA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 7 – UNAVAILABLE AND UNEARNED AMOUNTS

Governmental funds report deferred inflows of resources for revenue due and receivable but not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of deferred amounts reported in the governmental funds were as follows:

Deferred revenue	Unavailable	Unearned
Program revenues (General Fund)	\$ -	\$ 378,074
Intergovernmental (Other Special Revenue Fund)	34,759	2,904
Intergovernmental (Non-Major Governmental Funds)	12,298	-
Special assessments (Tangerine Farms Improvement District Debt Service Fund)	7,217,240	-
Total deferred amounts for governmental funds	<u>\$ 7,264,297</u>	<u>\$ 380,978</u>

NOTE 8 – INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

Due to/from other funds:

At June 30, 2021, several funds were involved in interfund borrowing arrangements with the General Fund due to insufficient resources available in the funds to cover expenditures. Through the fiscal year 2020-2021, these interfund borrowing will be eliminated as sufficient resources become available. A portion of the amount due from the Wastewater Fund, \$2,400,000 to the Transportation Fund and \$2,716,494 to the General Fund, is considered long term. Listed below is a summary of the interfund borrowing transactions.

Due To	Due From			Total
	Non-Major Governmental Funds	Enterprise Funds		
		Wastewater Fund	Airport Fund	
General Fund	\$ 980,710	\$ 2,966,494	\$ 408,665	\$ 4,355,869
Transportation Fund	-	2,400,000	-	2,400,000
Total	<u>\$ 980,710</u>	<u>\$ 5,366,494</u>	<u>\$ 408,665</u>	<u>\$ 6,755,869</u>

Interfund transfers:

Interfund transfers were made by the Town during the fiscal year to ensure that sufficient resources were available to cover expenditures in the applicable funds. These were direct transfers between funds and will not be eliminated as sufficient resources become available in the receiving funds. Specifically, the General Fund and select Non-Major Governmental funds transferred funds to provide the resources for debt service payments. The Other Special Revenue Funds transferred funds to the General Fund for the AZ CARES allocation, which provided resources for public safety purposes. Listed below is a summary of transfers between funds.

TOWN OF MARANA, ARIZONA

Total	\$2,480,555	\$378	\$5,990,918	\$1,476,231	\$404,504	\$325,145	\$10,677,731

NOTE 9 - EMPLOYEE RETIREMENT SYSTEMS

All full-time and permanent part-time employees participate in one of four different retirement plans. With the exception of public safety personnel, police dispatchers and elected officials, all other employees participate in the Arizona State Retirement System (ASRS). Certified public safety personnel participate in the Public Safety Retirement Systems (PSPRS). Police dispatch and communication staff participate in the Corrections Officer Retirement Plan (CORP). The Town's Mayor and Council Members participate in the Elected Officials' Retirement Plan (EORP).

At June 30, 2021, the Town reported the following aggregate amounts related to pensions for all plans to which it contributes:

Statement of Net Position and Statement of Activities	Governmental Activities	Business-Type Activities	Total
Net pension liability	\$ 44,206,334	\$ 2,596,199	\$ 46,802,533
Deferred outflows of resources	10,931,378	567,075	11,498,453
Deferred inflows of resources	467,204	-	467,204
Pension expense	5,715,066	294,242	6,009,308

The Town reported \$3,997,622 of pension contributions as expenditures in the governmental funds related to all pension plans to which it contributes.

TOWN OF MARANA, ARIZONA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

A. Arizona State Retirement System

All full-time and permanent part-time employees not in the Public Safety Retirement System, Corrections Officers Retirement System or Elected Officials Retirement System are eligible to participate in the Arizona State Retirement System (ASRS). The ASRS administers a cost sharing multiple-employer defined benefit plan. The Arizona State Retirement System Board governs the ASRS according to the provisions of A.R.S. Title 38, Chapter 5, Article 2 and 2.1. ASRS net OPEB liabilities have not been recorded, or further disclosed at June 30, 2021 in accordance with GASB Statement 75, due to the relative insignificance to the Town’s financial statements. ASRS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained on its website at www.azasrs.gov.

Benefits provided - The ASRS provides retirement, health insurance premium supplement, long-term disability, and survivor benefits. State statute establishes benefit terms. Retirement benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

ASRS	Retirement	
	Initial membership date:	
	Before July 1, 2011	On or after July 1, 2011
Years of service and age required to receive benefit	Sum of years and age equals 80 10 years, age 62 5 years, age 50* any years, age 65	30 years, age 55 25 years, age 60 10 years, age 62 5 years, age 50* any years, age 65
Final average salary is based on	Highest 36 consecutive months of last 120 months	Highest 60 consecutive months of last 120 months
Benefit percent per year of service	2.1% to 2.3%	2.1% to 2.3%

*With actuarially reduced benefits.

Retirement benefits for members who joined the ASRS prior to September 13, 2013, are subject to automatic cost-of-living adjustments based on excess investment earning. Members with a membership date on or after September 13, 2013, are not eligible for cost-of-living adjustments. Survivor benefits are payable upon a member’s death. For retired members, the retirement benefit option chosen determines the survivor benefit. For all other members, the beneficiary is entitled to the member’s account balance that includes the member’s contributions and employer’s contributions, plus interest earned.

Contributions—In accordance with state statutes, annual actuarial valuations determine active member and employer contribution requirements. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. For the year ended June 30, 2021, statute required active ASRS members to contribute at the actuarially determined rate of 12.22 percent (12.04 percent for retirement and 0.18 percent for long-term disability) of the members’ annual covered payroll, and statute required the Town to contribute at the actuarially determined rate of 12.22 percent (11.65 percent for retirement, 0.39 percent for health insurance premium benefit, and 0.18 percent for long-term disability) of the active members’ annual covered payroll. In addition, the Town was required by statute to contribute at the actuarially determined rate of 10.21 percent (10.14 percent for retirement and 0.07 percent for long-term

TOWN OF MARANA, ARIZONA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

disability) of annual covered payroll of retired members who worked for the Town in positions that would typically be filled by an employee who contributes to the ASRS. The Town's contributions to the pension plan for the year ended June 30, 2021, were \$1,856,449.

During fiscal year 2021, the Town paid for ASRS pension contributions as follows: 86.66% percent from the General Fund and 13.34% from enterprise funds.

Pension liability—At June 30, 2021, the Town reported a liability of \$24,730,142 for its proportionate share of the ASRS' net pension liability. The net pension liability was measured as of June 30, 2020. The total pension liability used to calculate the net pension liability was determined using update procedures to roll forward the total pension liability from an actuarial valuation as of June 30, 2019, to the measurement date of June 30, 2020.

The Town's proportion of the net pension liability was based on the Town's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2020. The Town's proportion measured as of June 30, 2020, was 0.14273 percent, which was an increase of 0.00269 percent from its proportion measured as of June 30, 2019.

Pension expense and deferred outflows/inflows of resources—For the year ended June 30, 2021, the Town recognized pension expense for ASRS of \$2,323,117. At June 30, 2021, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

ASRS	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 223,727	\$ -
Changes of assumptions or other inputs	-	-
Net difference between projected and actual earnings on pension plan investments	2,385,251	-
Changes in proportion and differences between contributions and proportionate share of contributions	263,805	100,760
Town contributions subsequent to the measurement date	1,856,449	-
Total	\$ 4,729,232	\$ 100,760

The \$1,856,449 reported as deferred outflows of resources related to ASRS pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to ASRS pensions will be recognized in pension expense as follows:

Year ending June 30,	
2022	\$ 315,135
2023	856,371
2024	862,771
2025	737,746
Thereafter	-

TOWN OF MARANA, ARIZONA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Actuarial Assumptions—The significant actuarial assumptions used to measure the total pension liability are as follows:

ASRS	
Actuarial valuation date	June 30, 2019
Actuarial roll forward date	June 30, 2020
Actuarial cost method	Entry age normal
Investment rate of return	7.5%
Projected salary increases	2.7–7.2%
Inflation	2.3%
Permanent benefit increase	Included
Mortality rates	2017 SRA Scale U-MP
Recovery rates	2012 GLDT for long-term disability
Healthcare cost trend rate	Not applicable

Actuarial assumptions used in the June 30, 2019, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2016.

The long-term expected rate of return on ASRS pension plan investments was determined to be 7.5 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

ASRS Asset Class	Target Allocation	Long-Term Expected Geometric Real Rate of Return
Equity	50%	6.39%
Fixed income - credit	20%	5.44%
Fixed income – interest rate sensitive	10%	0.22%
Real estate	<u>20%</u>	5.85%
Total	<u>100%</u>	

Discount Rate—The discount rate used to measure the ASRS total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the ASRS Board’s funding policy, which establishes the contractually required rate under Arizona statute.

Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Town’s proportionate share of the ASRS net pension liability to changes in the discount rate—The following table presents the Town’s proportionate share of the net pension liability calculated using the discount rate of 7.5 percent, as well as what the Town’s proportionate share of the net pension

**TOWN OF MARANA, ARIZONA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.5 percent) or 1 percentage point higher (8.5 percent) than the current rate:

ASRS	1% Decrease (6.5%)	Current Discount Rate (7.5%)	1% Increase (8.5%)
Proportionate share of the net pension liability	\$33,818,134	\$24,730,142	\$17,133,048

Pension plan fiduciary net position—Detailed information about the pension plan’s fiduciary net position is available in the separately issued ASRS financial report.

B. Public Safety Personnel Retirement System and Corrections Officer Retirement Plan

All of the Town's full-time police officers are covered by the Arizona Public Safety Personnel Retirement System (PSPRS), which is an agent multiple-employer defined benefit plan. PSPRS was established by Title 38, Chapter 5, Article 4 of the Arizona Revised Statutes to provide pension benefits for public safety personnel who are regularly assigned hazardous duty as employees of the State of Arizona or one of its political subdivisions. The PSPRS is jointly administered by the Board of Trustees (formerly fund manager) and participating local boards. The Board of Trustees is a nine-member board appointed by the Governor and the State Legislature. The Board of Trustees is responsible for establishing contribution rates in accordance with an actuarial study. Employees who were PSPRS members before July 1, 2017, participate in the agent plans, and those who became PSPRS members on or after July 1, 2017, participate in the cost-sharing plans (PSPRS Tier 3 Risk Pool) which are not further disclosed because of their relative insignificance to the Town’s financial statements.

All full-time and permanent part-time employees employed as police dispatchers or communications operators are eligible to participate in the Corrections Officers Retirement Plan (CORP), an agent multiple-employer defined benefit pension plan and an agent multiple-employer defined benefit health insurance premium benefit (OPEB) plan. The CORP is governed by the PSPRS Board of Trustees and the local participating local boards according to the provisions of A.R.S. Title 38, Chapter 5, Article 6. PSPRS and CORP net OPEB liabilities have not been recorded, or further disclosed at June 30, 2021 in accordance with GASB Statement 75, due to the relative insignificance to the Town’s financial statements.

PSPRS and CORP issue publicly available financial reports that include financial statements and required supplemental information. This report may be obtained on the PSPRS website at www.psprs.com or by writing to 3010 E Camelback Rd, Ste 200, Phoenix, AZ 85016 or by calling (602) 255-5575.

Benefits provided—The PSPRS and CORP provide retirement, health insurance premium supplement, disability, and survivor benefits. State statute establishes benefit terms. Retirement, disability, and survivor benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

**TOWN OF MARANA, ARIZONA

Town				
Pension	35.24%	35.24%	9.21%	24.98%
Health insurance premium benefit	.25%	.25%	.14%	.46%

Also, the PSPRS Board of Trustees required an additional employer contribution of 21.45 percent for legacy costs of Tier 1 and 2 amortization of unfunded liabilities on Tier 3 contributions. In addition, statute required the Town to contribute at the actuarially determined rate of 21.45 percent for the PSPRS of annual covered payroll of retired members who worked for the Town in positions that an employee who contributes to the PSPRS would typically fill.

The Town’s contributions to the pension plan and contributions for the health insurance premium benefit for the year ended June 30, 2021, were:

	PSPRS	CORP Dispatchers
Pension Contributions	\$ 2,228,298	\$ 91,436
Health Insurance Premium Benefit	17,953	1,684
Total Contributions	\$ 2,246,251	\$ 93,120

During fiscal year 2021, the Town paid for PSPRS and CORP pension contributions as follows: 93% percent from the General Fund and 7% percent from other funds.

Pension liability—At June 30, 2021, the Town reported the following net pension liabilities:

	Net Pension Liability
PSPRS	19,858,620
CORP Dispatchers	1,179,533
Total	21,038,153

TOWN OF MARANA, ARIZONA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

The net pension liabilities were measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Pension actuarial assumptions – The significant actuarial assumptions used to measure the total pension liability are as follows:

<u>PSPRS and CORP—Pension</u>	
Actuarial valuation date	June 30, 2020
Actuarial cost method	Individual entry age normal
Investment rate of return	7.30%
Wage inflation	3.5%
Price Inflation	2.5%
Cost-of-living adjustment	1.75%
Mortality rates	PubS-2010 tables
Healthcare cost trend rate	Not applicable

Actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2017.

The long-term expected rate of return on PSPRS and CORP pension plan investments was determined to be 7.3 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class.

The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

<u>PSPRS and CORP</u> <u>Asset Class</u>	<u>Target</u> <u>Allocation</u>	<u>Long-Term Expected</u> <u>Geometric Real Rate</u> <u>of Return</u>
U.S. public equity	23%	4.93%
International public equity	15%	6.09%
Global private equity	18%	8.42%
Other assets (capital appreciation)	7%	5.61%
Core bonds	2%	0.22%
Private credit	22%	5.31%
Diversifying strategies	12%	3.22%
Cash – Mellon	1%	-0.60%
Total	<u>100%</u>	

Pension discount rates—At June 30, 2020, the discount rate used to measure the PSPRS and CORP total pension liabilities was 7.3 percent. The projection of cash flows used to determine the PSPRS and CORP discount rates assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between the actuarially determined contribution rate and the member rate. Based on those assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

TOWN OF MARANA, ARIZONA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Sensitivity of the Town's net pension liability to changes in the discount rate—The following table presents the Town's net pension liabilities calculated using the discount rates noted above, as well as what the Town's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

Pension plan fiduciary net position—Detailed information about the pension plans' fiduciary net position is available in the separately issued PSPRS and CORP financial reports.

	1% Decrease	Current Discount Rate	1% Increase
PSPRS			
Rate	6.30%	7.30%	8.30%
Net pension liability	\$26,472,720	\$19,858,620	\$14,528,998
CORP Dispatchers			
Rate	6.30%	7.30%	8.30%
Net pension liability	\$1,553,986	\$1,179,533	\$866,863

Pension expense/(income)—For the year ended June 30, 2021, the Town recognized the following pension expense/(income):

	Pension Expense/(Income)
PSPRS	3,256,929
CORP Dispatchers	190,298

Pension deferred outflows/inflows of resources—At June 30, 2021, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

PSPRS	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,544,207	\$ 333,362
Changes of assumptions or other inputs	1,346,750	-
Net difference between projected and actual earnings on pension plan investments	1,160,873	-
Town contributions subsequent to the measurement date	2,228,298	-
Total	<u>\$ 6,280,128</u>	<u>\$ 333,362</u>

TOWN OF MARANA, ARIZONA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

CORP	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 193,924	\$ 30,899
Changes of assumptions or other inputs	28,759	1,334
Net difference between projected and actual earnings on pension plan investments	69,769	-
Town contributions subsequent to the measurement date	91,436	-
Total	\$ 383,888	\$ 32,233

The amounts reported as deferred outflows of resources related to pensions resulting from town contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability (or an increase in the net pension asset) in the year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	PSPRS	CORP Dispatchers
Year ending June 30		
2022	\$958,164	\$91,225

2026	360,307	-
Thereafter	180,202	-

C. Elected Officials' Retirement Plan

The Town's Mayor and Council Members are eligible to participate in the Elected Officials' Retirement Plan (EORP), a multiple employer cost-sharing defined benefit plan. The EORP pension plan was closed to new members as of January 1, 2014. The EORP is governed by the Public Safety Retirement System Board of Trustees according to the provisions of A.R.S. Title 38, Chapter 5, Article 3. EORP issues a publicly available financial report that includes financial statements and required supplementary information. At the time of issuance, the most recent report for EORP was unavailable. The report may be obtained on PSPRS's website at www.psprs.com or by writing to EORP, 3010 E Camelback Rd, Ste 200, Phoenix, AZ 85016 or by calling (602) 255-5575.

Benefits provided—The EORP provides retirement, health insurance premium supplement, disability, and survivor benefits. State statute establishes benefit terms. Retirement, disability, and survivor benefits are calculated on the basis of age, average yearly compensation, and service credit as follows:

TOWN OF MARANA, ARIZONA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

EORP	Initial membership date:	
	Before January 1, 2012	On or after January 1, 2012
Retirement and Disability		
Years of service and age required to receive benefit	20 years, any age 10 years, age 62 5 years, age 65 5 years, any age* any years and age if disabled	10 years, age 62 5 years, age 65 any years and age if disabled
Final average salary is based on	Highest 36 consecutive months of last 10 years	Highest 60 consecutive months of last 10 years
Benefit percent		
Normal Retirement	4% per year of service, not to exceed 80%	3% per year of service, not to exceed 75%
Disability Retirement	80% with 10 or more years of service 40% with 5 to 10 years of service 20% with less than 5 years of service	75% with 10 or more years of service 37.5% with 5 to 10 years of service 18.75% with less than 5 years of service
Survivor Benefit		
Retired Members	75% of retired member's benefit	50% of retired member's benefit
Active Members and Other Inactive Members	75% of disability retirement benefit	50% of disability retirement benefit

* With reduced benefits of 0.25% for each month early retirement precedes the member's normal retirement age, with a maximum reduction of 30%.

Retirement and survivor benefits are subject to automatic cost-of-living adjustments based on inflation. In addition, the Legislature may enact permanent one-time benefit increases after a Joint Legislative Budget Committee analysis of the increase's effects on the plan.

Health insurance premium benefits are available to retired or disabled members with 5 years of credited service. The benefits are payable only with respect to allowable health insurance premiums for which the member is responsible. For members with 8 or more years of service, benefits range from \$100 per month to \$260 per month depending on the age of the member and dependents. For members with 5 to 7 years of service, the benefits are the same dollar amounts as above multiplied by a vesting fraction based on completed years of service.

Contributions—State statutes establish active member and employer contribution requirements. Statute also appropriates \$5 million annually through fiscal year 2043 for the EORP from the State of Arizona to supplement the normal cost plus an amount to amortize the unfunded accrued liability. For the year ended June 30, 2021, statute required active EORP members to contribute 7 or 13 percent of the members' annual covered payroll and the Town to contribute at the actuarially determined rate of 61.43 percent of all active EORP members' annual covered payroll. In addition, statute required the Town to contribute 39.72 percent of annual covered payroll of retired members who worked for the Town in positions that an

TOWN OF MARANA, ARIZONA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

employee who contributes to the EORP would typically fill. The Town’s contributions to the pension plan for the year ended June 30, 2021, was \$69,196.

During fiscal year 2021, the Town paid for EORP pension contributions 100 percent from the General Fund.

Pension liability—At June 30, 2021, Town reported a liability for its proportionate share of the EORP’s net pension liability that reflected a reduction for the Town’s proportionate share of the State’s appropriation for EORP. The amount the Town recognized as its proportionate share of the net pension liability, the related state support, and the total portion of the net pension liability that was associated with the Town were as follows:

Town’s proportionate share of the EORP net pension liability	\$ 1,034,238
State’s proportionate share of the EORP net pension liability associated with the Town	<u>89,765</u>
Total	<u>\$ 1,124,003</u>

The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

The Town’s proportion of the net pension liability was based on the Town’s required contributions to the pension plan relative to the total of all participating employers’ required contributions for the year ended June 30, 2020. The Town’s proportion measured as of June 30, 2020, was .1532 percent, which was an increase of .0049 percent from its proportion measured as of June 30, 2019.

Pension expense/income and deferred outflows/inflows of resources—For the year ended June 30, 2021, the Town recognized pension income of \$27,043 and pension expense of \$85,367.

At June 30, 2021, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

EORP	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 849
Changes of assumptions or other inputs	-	-
Net difference between projected and actual earnings on pension plan investments	19,931	-
Changes in proportion and differences between employer contributions and proportionate share of contributions	16,079	-
Town contributions subsequent to the measurement date	<u>69,196</u>	<u>-</u>
Total	<u>\$ 105,206</u>	<u>\$ 849</u>

The \$69,196 reported as deferred outflows of resources related to EORP pensions resulting from Town contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to EORP pensions will be recognized in pension expense as follows:

TOWN OF MARANA, ARIZONA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Year ending June 30,	
2022	\$ 17,960
2023	6,423
2024	6,284
2025	4,494
Thereafter	-

Actuarial assumptions—The significant actuarial assumptions used to measure the total pension liability are as follows:

EORP

Actuarial valuation date	June 30, 2020
Actuarial cost method	Entry age normal
Investment rate of return	7.3%
Wage inflation	3.75%
Price inflation	2.5%
Cost-of-living adjustment	1.75%
Mortality rates	PubG-2010 tables
Healthcare cost trend rate	Not applicable

Actuarial assumptions used in the June 30, 2020, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2017.

The long-term expected rate of return on EORP pension plan investments was determined to be 7.3 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

EORP Asset Class	Target Allocation	Long-Term Expected Geometric Real Rate of Return
U.S. public equity	23%	4.93%
International public equity	15%	6.09%
Global private equity	18%	8.42%
Other assets (capital appreciation)	7%	5.61%
Core bonds	2%	0.22%
Private credit	22%	5.31%
Diversifying strategies	12%	3.22%
Cash – Mellon	1%	-0.60%
Total	100%	

Discount rate—At June 30, 2020, the discount rate used to measure the EORP total pension liability was 7.3 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate, employer contributions will be made at the actuarially determined rates, and State contributions will be made as currently required by statute. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of

**TOWN OF MARANA, ARIZONA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Town’s proportionate share of the EORP net pension liability to changes in the discount rate—The following table presents the Town’s proportionate share of the net pension liability calculated using the discount rate of 7.3 percent, as well as what the Town’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

EORP	1% Decrease (6.3%)	Current Discount Rate (7.3%)	1% Increase (8.3%)
Town’s proportionate share of the net pension liability	\$909,735	\$1,034,238	\$1,179,850

Pension Plan Fiduciary Net Position—Detailed information about the pension plan’s fiduciary net position is available in the separately issued EORP financial report.

NOTE 10 - RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters.

The Town's insurance protection is provided by the Arizona Municipal Risk Retention Pool, of which the Town is a participating member. The limit for basic coverage is for \$2,000,000 per occurrence on a claims-made purpose. Excess coverage is for an additional \$12,000,000 per occurrence on a follow form, claims-made basis. The Arizona Municipal Risk Retention Pool is structured such that member premiums are based on an actuarial review that will provide adequate reserves to allow the pool to meet its expected financial obligations. The pool has the authority to assess its member’s additional premiums should reserves and annual premiums be insufficient to meet the pool's obligations.

The Town continues to carry commercial insurance for all other risks of loss, including workers’ compensation and employee health and accident insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

NOTE 11 - COMMITMENTS AND CONTINGENCIES

The Town is subject to a number of lawsuits, investigations, and other claims (some of which involve substantial amounts) that are incidental to the ordinary course of its operations, including those related to wrongful death and personal injury matters. Although the Town Attorney does not currently possess sufficient information to reasonably estimate the amounts of the liabilities to be recorded upon the settlement of such claims and lawsuits, some claims could be significant to the Town’s operations. While the ultimate resolution of such lawsuits, investigations, and claims cannot be determined at this time, in the opinion of Town management, based on the advice of the Town Attorney, the resolution of these matters will not have a material adverse effect on the Town’s financial position.

Significant Contractual Commitments

At the end of fiscal year 2021, the Town was obligated to \$2.9 million in significant contractual commitments for vehicles and airport, transportation, park, and water facility related construction projects.

TOWN OF MARANA, ARIZONA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Various street projects accounted for \$1.5 million, new vehicles accounted for \$582,340 and the Northwest Recharge and Recovery Delivery system accounted for \$192,275. The remaining commitments were for other water projects of \$273,950, facility related projects accounted for \$189,351, park related projects accounted for \$156,867, and airport related projects accounted for \$54,215.

NOTE 12 - LEASING ARRANGEMENTS

Land – State of Arizona

The Town has assigned and assumed a non-cancelable long-term operating lease for 2,400 acres of land with the State of Arizona with an expiration of October 2099. This lease had an initial annual rent of \$432,000 that requires 10% increases in the annual rent payments for each succeeding five year period.

In conjunction with the Town assuming the long-term operating lease, a developer signed a non-cancelable agreement to reimburse the Town the annual rental payment for either a minimum of twenty years or until the first twelve consecutive months the developer generates more than \$1,000,000 in resort sales tax to the Town from the development project known as "Dove Mountain". This threshold was reached on June 30, 2011, and therefore the developer ceased reimbursing the Town for the annual rent payment. These leases provide for payments of minimum annual rentals as follows, excluding real estate taxes, common area charges, management fees, and sales taxes:

Years Ending June 30,	
2022	632,491
2023	632,491
2024	632,491
2025	632,491
2026	695,740
2027 - 2031	3,548,274
2032 - 2036	3,903,101
2037 - 2041	4,293,410

2062 - 2066	6,914,585
2067 - 2071	7,606,043
2072 - 2076	8,366,647
2077 - 2081	9,203,312
2082 - 2086	10,123,643
2087 - 2091	11,136,008
2092 - 2096	12,249,608
2097 - 2099	7,926,216
Total	\$ 110,414,847

TOWN OF MARANA, ARIZONA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Minimum annual rentals above excludes annual rental under the remaining renewal options as of June 30, 2021. Rent expense under the above leases for fiscal 2020-21 aggregated \$632,491.

NOTE 13 – SUBSEQUENT EVENTS

Gladden Farms Community Phase II Facilities District – Debt Issuance

In September 2021, the District issued the Series 2021 General Obligation Bonds (Bonds) in the amount of \$4,080,000, maturing in 2046, with an interest rate of 3.0% to 4.0%. The Bonds were issued to finance the costs to acquire and construct certain public infrastructure benefiting the District and to pay costs of issuance related to the Bonds.

Saguaro Springs Facilities District – Debt Issuance

In September 2021, the District issued the Series 2021 General Obligation Bonds (Bonds) in the amount of \$2,720,000, maturing in 2046, with an interest rate of 3.0%. The Bonds were issued to finance the costs to acquire and construct certain public infrastructure benefiting the District and to pay costs of issuance related to the Bonds.

**TOWN OF MARANA, ARIZONA
REQUIRED SUPPLEMENTARY INFORMATION
NOTES TO PENSION PLAN SCHEDULES
JUNE 30, 2021**

NOTE 1 – ACTUARIALLY DETERMINED CONTRIBUTION RATES

Actuarial determined contribution rates for PSPRS and CORP are calculated as of June 30 two years prior to the end of the fiscal year in which contributions are made. The actuarial methods and assumptions used to establish the contribution requirements are as follows:

Actuarial cost method	Entry age normal
Amortization method	Level percent-of-pay, closed
Remaining amortization period as of the 2019 actuarial valuation	17 years
Asset valuation method	7-year smoothed market value; 80%/120% market corridor
Actuarial assumptions: Investment rate of return	In the 2017 actuarial valuation, the investment rate of return was decreased from 7.5% to 7.4%. In the 2016 actuarial valuation, the investment rate of return was decreased from 7.85% to 7.5%. In the 2013 actuarial valuation, the investment rate of return was decreased from 8.0% to 7.85%.
Projected salary increases	In the 2017 actuarial valuation, projected salary increases were decreased from 4.0%-8.0% to 3.5%-7.5% for PSPRS and from 4.0%-7.25% to 3.5%-6.5% for CORP. In the 2014 actuarial valuation, projected salary increases were decreased from 4.5%-8.5% to 4.0%-8.0% for PSPRS and from 4.5%-7.75% to 4.0%-7.25% for CORP. In the 2013 actuarial valuation, projected salary increases were decreased from 5.0%-9.0% to 4.5%-8.5% for PSPRS and from 5.0%-8.25% to 4.5%-7.75% for CORP.
Wage growth	In the 2017 actuarial valuation, wage growth was decreased from 4% to 3.5% for PSPRS and CORP. In the 2014 actuarial valuation, wage growth was decreased from 4.5% to 4.0% for PSPRS and CORP. In the 2013 actuarial valuation, wage growth was decreased from 5.0% to 4.5% for PSPRS and CORP.
Retirement age	Experience-based table of rates that is specific to the type of eligibility condition. Last updated for the 2012 valuation pursuant to an experience study of the period July 1, 2006 - June 30, 2011.
Mortality	In the 2017 actuarial valuation, changed to RP-2014 tables, with 75% of MP-2016 fully generational projection scales. RP-2000 mortality table (adjusted by 105% for both males and females)

NOTE 2 – FACTORS THAT AFFECT TRENDS

Arizona courts have ruled that provisions of a 2011 law that changed the mechanism for funding permanent pension benefit increases and increased employee pension contribution rates were unconstitutional or a breach of contract because those provisions apply to individuals who were members as of the law's effective date. As a result, the PSPRS, CORP, and EORP changed benefit terms to reflect the prior mechanism for funding permanent benefit increases for those members and revised actuarial assumptions to explicitly value future permanent benefit increases. PSPRS and EORP also reduced those

TOWN OF MARANA, ARIZONA
REQUIRED SUPPLEMENTARY INFORMATION
NOTES TO PENSION PLAN SCHEDULES
JUNE 30, 2021

members' employee contribution rates. These changes are reflected in the plans' pension liabilities for fiscal year 2015 (measurement date 2014) for members who were retired as of the law's effective date and fiscal year 2018 (measurement date 2017) for members who retired or will retire after the law's effective date. These changes also increased the PSPRS and CORP required pension contributions beginning in fiscal year 2016 for members who were retired as of the law's effective date. These changes increased the PSPRS and CORP required contributions beginning in fiscal year 2019 for members who retired or will retire after the law's effective date. EORP required contributions are not based on actuarial valuations, and therefore, these changes did not affect them.

The fiscal year 2019 (measurement date 2018) pension liabilities for EORP and CORP reflect the replacement of the permanent benefit increase (PBI) for retirees based on investment returns with a cost of living adjustment based on inflation. Also, the EORP liability and required pension contributions for fiscal year 2019 reflect a statutory change that requires the employer contribution rate to be actuarially determined. This change increased the discount rate used to calculate the liability thereby reducing the total pension liability.

NON-MAJOR CAPITAL PROJECTS FUND

Capital Projects Funds are created to account for the purchase or construction of major capital facilities which are not financed by the general, enterprise, or special revenue funds.

Northwest (Benefit Area) Transportation Impact Fees – This fund accounts for the financing and construction of transportation projects that are defined within the northwest benefit area.

Northeast (Benefit Area) Transportation Impact Fees – This fund accounts for the financing and construction of transportation projects that are defined within the northeast benefit area.

South (Benefit Area) Transportation Impact Fees – This fund accounts for the financing and construction of transportation projects that are defined within the south benefit area.

Park Impact Fees Fund – This fund accounts for park impact fees collected by the Town and utilized for authorized capital improvements.

PAG/RTA Capital Fund – This fund accounts for proceeds from Pima Association of Governments and Regional Transportation Authority which are used for road improvement projects.

Downtown Reinvestment Fund – This fund accounts for sales tax proceeds which are used for authorized capital improvements in the Downtown area.

Other Capital Projects Fund – Includes all other capital related funding and projects.

Gladden Farms Capital Fund – This fund accounts for the proceeds from the sale of general obligation bonds which are used for authorized capital improvements.

Saguaro Springs Capital Fund – This fund accounts for the financing and construction of authorized capital improvements.

NON-MAJOR DEBT SERVICE FUNDS

Debt Service Funds are created to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

2013 Bond Debt Service Fund – This fund accounts for the accumulation of resources and payment of principal and interest on the series 2013 revenue bonds. The Town has pledged Town sales tax revenue and state shared revenues to make the required payments for this series.

2014 Bond Debt Service Fund – This fund accounts for the accumulation of resources and payment of principal and interest on the series 2014 revenue bonds. The Town has pledged Town sales tax revenue and state shared revenues to make the required payments for this series.

2017 Bond Debt Service Fund – This fund accounts for the accumulation of resources and payment of principal and interest on the series 2017 revenue bonds. The Town has pledged Town sales tax revenue and state shared revenues to make the required payments for this series.

Gladden Farms Debt Service Fund – This fund accounts for the accumulation of resources and payment of principal and interest on the Gladden Farms general obligation bonds.

Saguaro Springs Debt Service Fund – This fund accounts for the accumulation of resources and payment of principal and interest on the Saguaro Springs general obligation bonds.

Notes:

- 1) The Flowing Wells School District (a school district of approximately 13 miles) intersects approximately one mile of the Town's boundaries. Marana School District covers the remaining approximate 69 miles of the Town's boundaries.
- 2) The Town intersects several fire districts. Prior to fiscal year 1999, the Town contracted for fire service for the Town until fire districts could be established.
- 3) The Pima County Flood Control District tax levy applies only to real property.
- 4) Primary and secondary tax rates are assessed per \$100 of the net assessed value and are set by the County Board of Supervisors or governing board of taxing jurisdiction.

(1) During Fiscal Year 2020/21, District Assessment Numbers 1045 through 1136 and 242-01 through 242-12 were created via apportionments. Due to the timing of the apportionments, the 2021 Full Cash Value information and Non-Residential Square Footage information is unavailable from Pima County associated with the newly created parcels that are now in existence.

(2) Includes capitalized interest on the Bonds as sold.

(3) Amount remaining after billing for the 6/1/2021 assessment installment.

(4) As current Full Cash Value data is not available from Pima County for certain parcels that have changed during Fiscal Year 2020/21, prior year Full Cash Value data has been supplemented where applicable.

(5) The Pima County Assessor does not provide the square footage for most residential properties.

2012	8,765	240	8,525	0.23%	24.3%

Notes:

(1) Represents face value of general obligation debt outstanding plus deferred bond premiums.

(2) Fund balance of GO Bond Debt Service Fund per the fund financial statements. Cash and investments in Debt Service Funds are restricted as to usage. These assets are restricted for payment of interest and trustee fees, retirement of principal, and to finance various capital projects.

(3) The Town of Marana does not impose a property tax; any property taxes presented in this report are directly related to the Gladden Farms Community Facilities District (formed in fiscal year 2005), Gladden Farms Community Facilities District II (formed in fiscal year 2007), and the Saguaro Springs Community Facilities District (formed in fiscal year 2007).
